In N. E. Amick, the optimal con-sumption specialist of Clinismath, has created a national sensation by his decided opposition to the order of the activation of the control of the con-sumptive to the smallpox pert house. His experience in the institution con-vinces him that it is unjustifiable and fill experience, and in the Cincinnsti Tribune presents a formidable array or acientific facile and the coutte-covers that theiry with ridicule. A hot newspaper controversy is the re-sult. The Amick Chemical company, is mailing free polysicians, consump-tives and all applicants extra copies of the Tribune containing capitalantory charts of his theory. which
