Rich Red Blood

In the body of an adult person there are about 18 pounds of blood.

The blood has as its most important elements, small round corpuscles, red and white, in proportion of about 500 red to 1 white one.

If the number of red corpuscles becomes diminished and the white ones increased the blood is impure, thin, lacking in the nutrition necessary to sustain the health and nerve strength of the body.

Then That Tired Feeling, Nervousness, Scrofula, Salt Rheum, or others of the long train of ills, according to the temperament and disposition, attack the victim.

The only permanent remedy is found in a reliable blood medicine like Hood's Sarsaparilla, which acts upon the blood corpuscles, enriching them and increasing their number. In this restores the vital fluid to healthy condition, expels all impurity, cures Nervousness, That Tired Feeling, Scrofula and all other diseases arising from or promoted by low state of the blood.

That these statements are true we prove not by our own statements, but by what thousands of perfectly reliable people say about Hood's Sarsaparilla. Read the testimonial in the next column from a beloved clergyman. Then take

I attended the Christian Endeavor convention in Pittsburgh, and also visited the World's Fair in the hottest weather of the summer. Was on the go all the time, but
