

HEAD NERVES

Indicates as surely as any physical symptom shows anything, that the organs and tissues of the body are not satisfied with their nourishment.

They draw their sustenance from the blood, and if the blood is thin, impure, or deficient, they are in a state of distress.

Their complaints are made up of the brain, the king of the body, through the nervous system, and the result is the general debilitation in which we call Nervousness.

There is a reasonable explanation of the whole matter.

The cure for Nervousness, then, is simple. Purify and enrich the blood by taking Hood's Sarsaparilla, and the nervous system will then give you strength and health.

That this is true theory but fact is proven by the voluntary statements of thousands cured by Hood's Sarsaparilla. Read the next column.

Hood's Sarsaparilla is the Only True Blood Purifier
