What sort of a war would it be between the United States and Spain? It cannot help but be a poorly armed fighting, what headway would she make against the United States? These questions are all the answers need to the question talk about Spain declaring war against us. It is recognized that the independence of Cuba.

Our readers will wish to interest the article regarding Sir Humphrey Roberts, who lived in Brooklyn over the year long, and who was styled by the name of the 'Old Man'. When Mr. Roberts left the classical little village he forgot to settle numerous bills among the butchers, bakers and candlestick makers, and now, perhaps, never will.

The Lowell Journal, speaking of Prof. W. N. Ferris, who was orator in that city on Memorial Day, says: "Mr. Ferris' oration was a masterpiece of oratory, and completely held the vast audience all of whom were lavish in their praise of the speaker. Our citizens will have an opportunity to hear Prof. Ferris, Friday evening, Nov. 13, at the Birmingham M. E. church, where he lectures for the benefit of our school."

It is a comment on the teachings of our churches and schools that a party of young people have so little respect for themselves and their friends as to turn themselves into a party of roughs to disturb everyone. Sad that our own boys have so little pride in their homes as to want our streets in the degrading way of the 'loiterers' of the city. It is a comment on the teachings of our churches and schools that a party of young people have so little respect for themselves and their friends as to turn themselves into a party of roughs to disturb everyone.

THE MYSTERY OF HOLLEY CAR. Every body who travels the Oakland Road has seen the 'Holley' car, the head shape of the whole establishment. Well, a nicely dressed, inquisitive lady from Detroit boarded Windy's car at Palmer Park one day this week and on her return to the city she was asked by her friend how she liked the car. She expressed her desire to him to know what sent the car ahead, and Windy with his usual suavity, pointed her to the electric current and said that the whole business was as follows:
