WINTER'S RAIMENT. You want to have good clothes. You want them to look well, to fit you and wear a long time. You exchange your products, labor and grain and fruit for money. You want that money to go a good ways, especially when buying clothing. Now we try and help you to make your money count one hundred cents on the dollar when you come to us to buy clothing. You may want an Ulster or an Overcoat. We show you all the specially stout and serviceable goods in the market. We explain how they are put together. Explain to you their quality and then tell you the prices. If you see what you want, and you are sure, we take pains to give you a fit as perfect as you can get at a tailor's. Then we know you will come again. We must have your confidence by selling you inferior goods. We'd lose your trade. Now as to winter suits. If you think you need a winter suit, we can supply you. Prices are not material. We have them all the way up and down. Ten dollars buys a very good suit. Others will sell the same kind for more money and call it 'Bargain.' You get worth only for your money with us. Try us once!
