

That

Extreme testing effects nearly everybody at this season. The hunters cease to push, the lifers grow weary. You know just what we mean. Some men and women endeavor temporarily to overcome this.

Tired

Fading by great stress of will. But this is not the case with all people. There are some who will withstand such strain. Too many people work on themselves, and the result is seen in unfortunate effects called "nervous prostration." In every direction. That tired

Feel-

ing is a positive proof of flesh, weak, impotent body; for, if the blood is rich, red, healthy, it carries the proper amount of energy to every nerve, organ and tissue of the body. The necessity of taking Hood's Sarsaparilla for this tried feeling is evident to every one, and the good it will do you is equally beyond question.
