MUD-MADE MEN.

THOUSANDS REJUVENATED IN 1895.

Remarkable Vitalizing Power of the Famous Magno-Mud Cure and Lithia Water Baths at Indiana Mineral Springs, Ind.

Indiana Mineral Springs, Ind., Jan. (Special)—During the year 1895 a large number of physicians from all over the country have personally investigated the remarkable natural combination of cures found here in rheumatism, kidney and nervous diseases. This treatment, consisting of the Magno Mud Cure and Magno-Lithia Baths, taken in connection with the drinking of Magno-Lithia water, has been found by the profession to be the most remarkable and successful remedial power as yet discovered. The end of the year brought reports from many eminent medical men, a number of whom have discussed and recommended the cure in the leading medical journals.

Since the accidental discovery of the virtues of Magno-Mud and Lithia water four years ago, this little valley has become world-famous. A big hotel has been built with all modern improvements; electric light, steam heat, and all directly connected with a large bath-house especially constructed for the requirements of Magno-Mud and Lithia Water Baths. People in search of rest, health and pleasure from all over the United States have come in numbers so far the capacity of the establishment and have gone to help spread the fame of the cure. The health-seekers have had their cures drawn out by the magno-mud poultices, the debilitated and prematurely old have found new vigor, bringing back the feeling of youth, and those who have looked for rest, recreation and pleasure have found it.

For the season of the year this resort which is open all year round, has a larger attendance than ever before those being sufferings are separated by the inclemencies of the winter season finding sure and immediate relief there. The wonderful success of this place makes it apparent that very long it is destined to rival Wiesbaden, Karlsbad and other noted European magnetic resorts. The proprietors, the Indiana Springs Co., have opened offices at 105 Hudson St., New York City, and 45 Randolph St., Chicago, where all detailed information can be obtained on application, whether personal or by letter.

Summer Homes.

In the lake regions of Wisconsin, northern Michigan, Minnesota, Iowa and Dakota, there are hundreds of charming localities pre-eminently fitted for summer homes. Nearly all are located on or near lakes which have not been fished out. These resorts are easily reached by railroads ranging in variety from the "full dress for dinner" to the flannel-shirt costume for every meal. Among the list are names familiar to many of our readers as the perfection of northern summer resorts. Nearly all the Wisconsin resorts of interest are within a short distance from Chicago or Milwaukee, and none of them are so far away from the "busy marts of civilization" that they cannot be reached in a few hours of travel, by frequent trains, over the finest road in the north-west—the Chicago, Milwaukee & St. Paul railway. A description of the principal resorts, with list of summer hotels and boarding houses, and rates for board, will be sent free on application to Geo. H. Heafford, General Passenger Agent, Chicago.

That

Extreme tired feeling afflicts nearly everybody at this season. The hustlers cease to push, the tireless grow weary, the energetic become enervated. You know just what we mean. Some men and women endeavor temporarily, to overcome that

Tired

Feeling by great force of will. But this is unsafe, as it pulls powerfully upon the nervous system, which will not long stand such strain. Too many people "work on their nerves," and the result is such unfortunate wrecks marked "nervous prostration," in every direction. That tired

The necessity of taking Hood's Sarsaparilla for that tired feeling is, therefore, apparent to every one, and the good it will do you is equally beyond question. Remember that

NEWSY NOTES OF PEOPLE AND THINGS OF MICHIGAN.

Mt Clemens, Ortonville, Metamora, Oakwood and Thomas Severely Stricken—

The Last "our Practically Wiped Out of Existence.

It is seldom indeed that any portion of Michigan is visited by such a tornado as swept over the counties of Oakland, Macomb and Lapeer. It was a storm of Kansas cyclone fury. It struck about half a mile north of the village of Ortonville and traveled swiftly eastward. Its path was about a mile wide, and everything had to give way. In the townships of Groveland and Brandon it was reported that more than a dozen persons were killed and twice as many hurt. The village of Thomas, on the Bay City division of the Michigan Central railroad, was
