A horse, said to belong to a Troy gentleman, was carelessly left near a fire tree on Maple Ave. and the result is a damaged tree. If the tree dies the owner of the tree will no doubt call on the owner of the horse.

While we are teaching our boys and girls how to talk Greek and Sanscrit, wouldn't it be a good idea to teach them some of the simpler forms of business usage with which they must come in contact sooner or later? For instance, how many can be taught how to go to the bank and get a check? To first put their name on the back of it across the left hand corner, before presenting it at the window for payment. Don't show it to the teller until you have done this. It possesses no interest to him until this is done and if he refuses to cash it after endorsement, it is easy to erase your name by drawing a pen through it.

The Library Society are under great obligations to Mr. J. M. Shepherd, of Pontiac, for the gift of the following books:—There have been inquiries for the works of Swedenborg and for its life and now, for the first time, through the kindness of Mr. Shepherd, the society is able to place these books within the reach of its patrons. The "Doctrine of Faith," "Our Children, the After Life," "Heaven and Hell," "The Love of the Divine Providence," "The Doctrine of the Lord," "The Doctrine of the Sacred Scriptures," "The Doctrine of Charity," "Life of Swedenborg," "New View of Hell," "The Heavenly Arcana," "What are the Doctrines of the new Church?" "Heaven Providence," "Light on the Problems of Life and Death," "Address to the Clergy," "The Fruit of the Vine," "The Man and his Mission," "Emerson and Swedenborg."

Considering the inclemency of the weather, a remarkably large attendance greeted the Rev. Joshua Stansfield, who opened the Epworth League Lecture course for the season of 1907-8. Mr. Stansfield's theme was "The Hero of Babylon" and he handled it in a masterly manner.

A. Dewey wishes to inform his patrons that he can supply them with "Duchassa" Sintered Steel, which is a great improvement over the Jackson file in various ways, and has been highly recommended by all who have used it. We would advise all who are out to give their iron as it is more lasting than other steel.

We failed to announce the arrival of a new 11-1/2 lb. bag of the kind of Mr. and Mrs. Wm. Fort's work week. We have it now. However the little man is growing rapidly and will become a full-fledged citizen of Royal Oak in a few days.

Consumption

Will SCOTT'S EMULSION cure consumption? Yes and no. Will it cure every case? No. What cases will it cure then? Those in their earlier stages, especially in young people. We make no exaggerated claims, but we have positive evidence that the early use of

Scott's Emulsion

of Cod-liver oil with Hypophosphites of Lime and Soda in these cases, results in a positive cure to a large number. In advanced cases, however, where a cure is impossible, this well-known remedy should be relied upon to prolong life surprisingly.
