Alpena Man First Four Bullets Into the Body of His Defenseless Wife—Collision Caused by an Engineer's Turbulence—Railroad Comes to Terms

Shot His Wife Four Times. Maurice E. Casey went to the home of his wife's mother, Mrs. Sheridan, at Alpena and shot his wife four bullets through the roof, two in the forehead and two in the back, just under the right eye, two back into the head. The woman screamed and ran, but Casey fired again, killing her left arm. She fell, crawled under a table, and he fired two more shots...

Casey was taken to a hospital and his wife died. He is a teacher of English at Alpena. He is 35 years of age, and the couple have not lived happily for years, and Mrs. Casey recently secured a legal separation, each being given the custody of one child. Casey seemed to think a good deal of his wife and had brooded over the separation, and it is thought she was out of her mind when she was shot.

Later—Casey was caught at the farm of Con Ribble, five miles from Alpena. After Casey had been there all night he told his wife's mother, and she told her brother, who is now in the city. The latter Casey told his wife's mother, and she told her brother, who is now in the city. The latter Casey told his wife's mother, and she told her brother, who is now in the city.
