

**5500 SCHOOL BUILDING - RT.**  
The question of building this school building for \$50,000 for the purpose of building a new school building is now presented to the board of the district for their consideration. A measure of this kind pertaining to the welfare of our public school should receive a careful investigation and we may say we are not generally in favor of the final result may be for the greatest good. With this object in view a new one to present a few thoughts on this subject, we are looking at the present condition of our school we need out come to the conclusion that more room is required for the comfort and advancement of the pupils. This additional room should be provided as soon as practicable.

But what is the size of the building required should be as large as possible. It is proposed here to have a new building building costing about \$50,000. The committee to be formed on this subject should be carefully considered. The committee to be formed on this subject should be carefully considered. The committee to be formed on this subject should be carefully considered.

I believe that the committee making the majority and the minority of the present and that their conclusions were correct. The plan presented at the meeting was for a building to cost about \$50,000. This is a good idea and it is for the present and it is for the future.

Therefore make a note of this. We would like to see this proposed building. It is a good idea and it is for the future. We would like to see this proposed building.
