Poor Blood

is starved blood. It shows itself in pale cheeks, white lips, weak digestion, no appetite, exhaustion, lack of nerve force, soft muscles, and, chief of all, weak muscles. Your doctor calls it Anaemia. He will tell you that the weakening weather of summer often brings it on.

Scott's Emulsion

of Cod-liver Oil with Hypophosphites, will make poor blood rich. It is a food for over-taxed and weak digestion, so prepared that it can easily be taken in summer when Cod-liver Oil or even ordinary foods might repel.

Mrs. S. J. Harris' cosy little home in the Campbell subdivision is completed and this week they will finish Mrs. E. M. Leonard's addition to her Woodward Ave. home, after which their undivided attention will be given to E. R. Smith's new house in the Campbell subdivision until it is finished, and then Bert Campbell's new house will be pushed right along. Who said the Campbell subdivision would not be built upon?

A prominent Chicago newspaper says: "Nothing is more helpful in a healthy rural life than the village Improvement Society, and every community which has intelligence enough to serve its best interests should organize such a society." The Birmingham Improvement Society would like to see all the tin tags of telephone poles. They haven't money enough to hire it done, but if each person would clean up the one in front of his premises it might be done. Please tell the Eccentric what you think of it.

Work for the boys and girls—Our hustling young readers should write at once to the publishers of Pennsylvania Grit for an agency of the paper. Besides the commission on each paper sold, prizes of watches, books, jewelry, typewriters, cameras, etc., are given for extra work. Grit is a big, clean, illustrated family newspaper, read and enjoyed by a half million people each week. A postal card addressed Grit Publishing Company, Williamsport, Pa., will bring full particulars and a catalogue of prizes. Grit is a welcome visitor to this office.

Last Tuesday afternoon as the 1:30 trolley had gone a short distance beyond the first toll gate south of this village, some fixture about the trolley pole gave out and before the car, which was running at a pretty good speed, could be stopped the pole was bent double; in attempting to straighten it it was broken. A new pole was soon adjusted, but the next car was then due, owing to the half hour's delay, so the belated car backed to the switch and the passengers transfered to the other car, none the worse for their slight adventure.

P. M. Mitchell is having a terrible time with his family pets. First the old house cat petered out by poison followed by her kittens in 1-2-3 order, and Monday last Gyp, the household pup, must have got an overdose of triple extract XXXX man sized dog button judging from his painful contortions and agonized suffering. He pulled through and Mitchell earnestly hopes the dog poisoner next time will be considerate and kill the dog instantly and avoid human and canine suffering.

Congressman S. W. Smith has been notified that his labors for the increase of the pension for George W. Gilbert, of Swartz Creek, to $12 a month, have been successful. He has also secured for Elbert A. Young of Fenton, a pension of $12 a month dating from August 27, 1889; $14 from December 14, 1891, and $17 a month from August 29, 1894; also has secured a pension re-issue to Stephen Warner, of Swart's Creek, Mich., and an increase over the rate the democrats wanted to deny him of $8 per month. Mr. Smith will on Monday introduce bills to correct military records of Henry Berry, of Livingston county, and Wesley B. Coon, of Oakland county.

Yesterday we heard a lady shopper say: "I made a quick trip to Detroit. Went down on the suburban at half past seven, went directly to Elliott's—yes, W. H.—did my trading and caught a car for home and was back at ten o'clock. Oh, I think they are just nice at Elliott's. I was watching for my car when the floor-walker, a very pleasant man, said: 'Now you sit right down and wait, the boy outside watches for the Birmingham car and will let us know when it is a block away.' So I sat in their reception hall, a very cool, quiet, comfortable place, and sure enough the lad outside, who checks bicycles, called me and helped me out and onto the car. I tell you I like Elliott's."

One day last week about twenty-five Lady Maccabees with their lunch baskets took the electric car up to Mrs. Emma Tibbil's farm, intending to surprise the good lady, but she was down town in the morning and some one took the trouble to tell her about it, so she was ready and waiting for us. She stood out upon the porch talking with a neighbor, when the car stopped in front of her door. The women and children rushed from the car to the house and the neighbor woman said "Oh, I guess it's another prayer meeting, but they are pretty noisy," and away she started for home. First we carried chairs out into the yard under the trees and rested awhile, then some of us walked the car track, took a swing, played croquet or ball, and two of the good women ran a race from the front gate to the corners. Then supper time came and we had a long table out under the trees, just heaped up with strawberries cakes, and such lovely biscuits, meat and pickles. If any one wants a dish of good, cold beans, just call on Mrs. Casey to cook them. We all noted that Mrs. Knowles could break the record making cottage cheese. The coffee with genuine cream was immense. We shall say no more, for fear every one will want to go there and the good woman will be overrun with surprise parties.

Probate judges are receiving circulars from the state authorities relative to the new law which gives them the power to issue marriage licenses and solemnize marriages, under certain circumstances: When the woman is with child; when the woman has lived with the man as his wife, and for reasons deemed sufficient by the judge. For the first two reasons only can licenses be issued to females under 16 years. The strictest secrecy is to be maintained by the court and attaches, and the newspapers are enjoined under penalty of a fine from mentioning such marriages.

Eight Killed in a Shocking Wreck.

The St. Louis express on the Wabash railway plunged through a trestle at Missouri City, Mo., carrying down the entire train with the exception of the rear car, a Pullman. The gorge which a few hours previously was practically empty, had become a raging torrent because of a tremendous downpour of rain and the the structure weakened. Seven persons were killed outright, including five postal clerks, a baggageman and a brakeman. The conductor was laid out with the dead, but was later discovered to be alive and was removed to a hospital. He can scarcely recover from his injuries, however. Twenty passengers were injured, but none fatally.

Steamer Went Down.—69 Lives Lost.

The missing steamer Aden, which left Yokahama on April 28, for London via Aden, Arabia, is a total loss, having been dashed to pieces off the island of Socotra, at the eastern extremity of Africa, on June 5. The unfortunate steamer carried 34 passenger from Japan besides the crew. The steamer Mayo, which went in search of the missing vessel, saved nine of the Aden's crew. In all it is thought that 69 persons lost their lives in the disaster by being swept overboard one by one during the storm. The Mayo saved nine of the Aden's passengers and three of the white and 33 of the natives of the steamer's crew. All of these persons were rescued just as the Aden was breaking up.

Why Japan Kicks on the Hawaii Treaty.

The protest of Japan to the Hawaiian annexation treaty is in substance as follows: The acquisition of Hawaii by annexation to the United States would deprive the 25,000 resident Japanese in the islands of rights of citizenship and property holders to which they are at present entitled under the present treaty with Hawaii. In case of annexation, these Japanese could not become citizens of the United States, as the decisions of United States courts are to the effect that no Asiatic can become a citizen of the United States. By annexation, the Japanese now resident in Hawaii would be subjected to such measures that might be adopted by the United States.

REAL ESTATE COLUMN.

The Following Choice Parcels of Land Are for Sale in the Real Estate Department of the Exchange Bank, Birmingham, Mich., Where All Inquiries Will Be Cheerfully Answered.

LOT 1.

Four and one-third acres of land in the southeast corner of the village of Birmingham, with a frontage on Woodward avenue, of 320 feet. Good house, small barn, grapes, peaches, etc., all ready to make some one a comfortable home with a chance to make money out of the very best acreage in the village. Electric railway to Detroit and Pontiac along the entire Woodward avenue front. You cannot help making money whether you hold it or plat it. Price very low and terms easy.

LOT 2.

Farm of 78 acres straight west of Birmingham. All plow land and none better, being a rich, gravelly loam. Good barn 32x60 but an inferior house. Fine orchard. Price $65 per acre. Terms $2,000 cash and balance on easy terms and long time. There is no better bargain in farms in this section. Land every way superior having been sold in the immediate neighborhood in the past two years for nearly double this price.

LOT 7.

A farm of one hundred acres within a mile and a half of the new Electric Railway. Sixty acres cleared and twenty in timber. Two barns and house in good repair. Insured for $1,200. Four acres of orchard all grafted trees. Two fine springs furnishing an abundance of excellent water. Soil, a rich clay loam, price, $100, per acre. Land in the immediate neighborhood has been sold for nearly double the price asked for this place. The place is owned by Volney Goodwin, of Birmingham.

LOT 8.

We have had placed in our hands for sale one of the beautiful homes our pretty village is noted for. This place is handsomely located, shaded to perfection with large maple trees, has ten large living rooms, all bedrooms with closets, good well and cistern. Cellar under whole house. Two-story house, wood-shed and all necessary outbuildings. Three lots 60x198 go with the place. Call on Whitehead & Mitchell for particulars.

LOT 9.

A farm of 66 acres, width one and one-half miles of the village of Birmingham, in the township of Bloomfield. Fifty-six acres cleared, three timber. Good house, barn and all necessary outbuildings in good repair. Never-failing stream of good water running through the length of farm. One of the finest farms for grazing and stock raising that could be desired. Owned by J. McCracken. Price $5,000. Terms easy.

LOT 10.

The farm known as the "Hayley Farm" in the township of Troy. It was awarded the first premium of many contestants for the best farm in the county of Oakland and there are none better to-day. The owner really wishes to sell and realizing that fancy prices are discouraged by us, has finally consented to put the farm in our hands for sale and has put the price down to $75 per acre. Fine dwelling well in the country furnishes an abundance of the best water the year round. One hundred and twenty-seven acres of rich, loamy soil, 21 acres timber, beech and maple, 4 acres orchard fine, grafted fruit. Seven buildings, insured for $2,800. Terms, half cash, balance on easy terms, or will exchange partially for Detroit property. You can't help but be suited with this place. Come and see it.

LOT 11.

The Franklin Mills, situated at the village of Franklin, Oakland county, in one of the best farming counties in the state. The property includes house and lot and other buildings. Water power with old fashioned stone run for flour. Was formerly held at $10,000 but owing to the poor health of the present owner it will be closed out for cash at the remarkably low figure of $8,500, or will exchange for a small farm. At one time this was the largest patronage in the county and a hustling young man could soon bring it back to its former prestige and make it a remarkably good investment. If is worth looking up a little and we will gladly answer all inquiries.

LOT 13.

Twenty acres of land adjacent to the fifth village of Big Beaver and about six miles from 24x30. One acre of good orchard and everything ready for a man who would like a small farm to keep a cow, horse, a few chickens, etc. Price $60 per acre. Terms cash.

LOT 14.

Here's a chance for some one to make a little fortune in Birmingham acreage—and that's what they are all looking after just now, too. Sixteen acres bounded on the south by Harmon street, where the new electric railroad power plant is about to be erected and on the west by Cemetery avenue with a 60 foot street running north to intersect with Maple avenue. Some of the finest residences in Birmingham are in the immediate vicinity. The price now is $3,000 but we will not promise to sell at that figure 60 days from this date, (Jan. 15, 1896). This is, without a possible exception, the finest acreage in the village. A good tile drain extends throughout the tract and there is a market in the way of platting the entire lot—not a foot of waste land in it. Come and see it, further on all you can about it—that's what we are here for.

LOT 15.

What better farming country could be found than the immediate vicinity of Birmingham? Where could you find a better location for a good rolled process mill? Well, here it is, right here ready and doing a good business, and for sale at a price which if known to you would fill her before the roller process was put in at a cost of two hundred dollars. The present cash price is $8,500 and half cash will buy it. Or you can buy an undivided half interest for less and clear for $4,000. The new and improved roller process consists of nine sets of rollers of the Geo. D. Smith pattern. The real estate consists of four and one-half acres and abundant water power, and the entire outfit will be sold as above, or will be exchanged for city property or a good farm. The property is in the village of Franklin Mills and is owned at present by Jones & Fredericks. They will be pleased to show you over the property at any time.

LOT 17.

The "Wooster Farm" of 165 acres more or less, within one mile of Birmingham, Mich., the River Rouge runs through this highly desirable farm, giving its owner the very finest, most perfect grazing lands in the great state of Michigan. The best land for potatoes and grain raising in any section of the country. Well wooded, good large farm house, barns in sufficient number, good well, cistern and water. No better farm could ever be wished for, for a dairy farm or stock raising. We predict for this property a speedy sale at the price offered and will be greatly pleased at any time to visit the premises and show it thoroughly to anyone looking for a location.

TAKE NOTICE.

All the land advertised herein is in our hands and controlled by us exclusively. The commission comes from the seller, invariably, and in no case will we ask in any case to purchase from the owner any cheaper than you can from us. All the necessary papers will be made free of cost to the parties interested and abstracts examined for customers, by a competent person, free of charge. For any information in regard to the above mentioned property address THE EXCHANGE BANK, BIRMINGHAM, and your inquiries will be answered with courtesy and dispatch.

Very respectfully,
WHITEHEAD & MITCHELL.
