## Honey and Maple Syrup

made by the Scully Syrup Oo., of Chicago, Ill. Remember this please, we do not claim that this syrup is made of honey and maple symp, but a combination that tastes very much like it and is good to eat.

Price? Of course the price is a little bit higher than the common stuff, but the delight and pleasure and satisfaction of eating the best is worth a little, isn't it?

How much? Only 50c per gallon. Bring in 7c and a pint bowl and try a sample. Better yet. Take a syrup pitcher full home with you —all your own for 16c. That's too cheap to talk further about it.
