

# SCHOOL NOTES.

Rhetoricals in 2d grammar department on Thursday last. The piano was moved from the high school room across the hall, and the 7th and 8th grades report a good time.

These two grades have been accustomed to meet with the high school for chapel exercises for many years past and this year, when the practice was discontinued because there was actually no possibility of seating them, even with two in a seat.

There is no doubt but that the rhetorical work in the school is as important as any other one study. The 7th and 8th grades had had from one to three declamations each morning during this term. In this manner each one has had experience during the term, and the exercises of Thursday were gotten up at the request of the pupils themselves.

Clark Bentie left school last week to take up farm work.

The Chemistry class began to think that this subject has no beginning and is without end of days, for they have certainly forgotten the first part of the book, and now in analyzing the "first group" they begin to think there is no end.

In the north room basement floor the Senior Girls—some of them—have at last discovered that one of the seats has only three legs.

Some of "our boys" from Royal Oak are certainly showing great zeal in the matter of public speaking. Four of them discussed the Spain-Cuban question last Friday night, before the Epworth League at Royal Oak. It was decided that we ought not to make war on Spain.

We hear that Miss McClenahan, late of our high school, is greatly enjoying her work at Centralia, Ill. She has seven recitations daily, Latin and English. In a high school enrolling about 130 they have three teachers.

The Sophomore rhetoricals last week were of a miscellaneous character. There were five or six, the one read by James McClure on "The Character of General Greene" was especially interesting, but as it came last on the program and the time was about 4 p. m. or a little later, it did not receive the attention it merited. Among the seven recitations the longest one and the one requiring the most skill in delivery was a negro address on "Courtship." Press H. H. in a manner of delivery showed that he has the possibilities of an orator in him; and from other members we know he has considerable skill in composition. George H. H. also did well with a difficult selection, "Curtaining the Liquor Traffic." The one that excited the most interest was "Darius Green and his Flying Machine," spoken by Orville Brown. But, doubtless, the point of excellence was the singing. Certainly the class of "music," '00 has almost a corner on the musical talent of the school. One song from the school song book was given by the class as a whole. Another, song

concerning a certain "little maid" was sung with evident zeal by four boys; and there were five or six girls singing in chorus.

This same class not long since received one of their tumbler, who is as sick and not detained from school, with a beautiful bunch of carnations. We are all very desirous of seeing May Blackman in her accustomed place in the assembly.

We were all glad to welcome Miss Hall on her return after an absence of six days.

The class in beginning Latin had a contest in pronunciation Latin word Friday last Thursday afternoon, with William Blackman and Leo Foster as leaders of the sides. Halie Strider of Leo Foster's side, outspelled all the other members of her class.

The Rhetoric class have been doing work in description and find it difficult to give an accurate description of simple articles of life. Subject matter was "Setting the Table," "A Skating Scene," "A Bandwagon."

While Black recited school Monday morning after an absence of two weeks. Mrs. Wm. Deir and Arthur Stilwell were visitors of the 1st grammar room Friday last.

Mina Ewing and Gertrude Madsel spoke 4th grade class last Friday.

The 1st and 2d primary and 1st grammar grades held rhetorical exercises together last Friday afternoon in the 1st grammar room. The exercises consisted of a dialogue by thirteen boys from 5th and 6th grades and recitations and songs from the other grades.

## OUR NEIGHBORS.

Orion—A chorus of six laid the singing in Orion High School. As written account of the Maine disaster made an interesting reading lesson for the eighth grade Monday.

Milford—The school is looking for a visiting committee from the State Normal. Monthly report shows enrollment for high school 80, and for entire school 254, the high school includes the eighth grade. At a recent meeting of the school board, Supt. Morrison was asked to remain another year.

Traverse City gets a large portrait of Lincoln valued at \$75.

A Grass Lick pupil, on consulting the thermometer, told the teacher it was "60 degrees below zero." The teacher didn't warm him at first.

Wichester—The eighth grade has lately discovered, "Do pancakes taste as good in July as in January," also "Does alcoholadden pain."

The general expense for Chicago University for the coming year will be \$729,000. The annual attendance is about 1000.

The Normal Seminars decide not to have dancing at their reception.

The N. Shaville, Ha-Stings and Vermont high school boys will unite in celebrating Field Day at Nashville during the latter part of May.

A little youngster, in naming the weapons of the Indians, gave "tomahawks, scalping knives and war-whoops."

The bladder was created for one purpose namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctor'd too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested by the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for 24 hours; a sediment or settling indicates kidney or bladder trouble. The mild and extraordinary effect of Dr. Kille's Swamp-Root, the great kidney and bladder medicine you should have the best. At drug stores fifty cents and one dollar. You may have a sample bottle and return it freight free by mail, upon receipt of ten cents in stamps. Mention the Kille's name and send your address to Kille & Co., Hightstown, N. J. The proprietors of this paper guarantee the genuineness of this offer.

# KEEP CAT OFF THE COFFEE

THE GREAT HYGIENIC SUBSTITUTE FOR COFFEE. A PURE MALT PREPARATION. WRITE FOR SAMPLE AND BULLETIN TO KNEIPP MALT FOOD COMPANY.

How to Prepare Kneipp Coffee—Take three heaping teaspoons full of ground Kneipp Malt Coffee for one quart of water. Boil the water and the coffee, then let it boil slowly under cover at least five minutes. Take it off the fire, let it stand a few minutes to settle and pour it through a fine sieve into the coffee pot and it is ready to serve. Use cream and sugar to suit your taste. If milk is used instead of cream, it should be boiled first.

How to Use Kneipp Malt Coffee in addition to other coffee—For six cups of coffee (2 1/2 parts of water) take two heaping teaspoons full of ground Kneipp Malt Coffee and after boiling the same five minutes as above indicated, add two tablespoons full of ground coffeebeans, let it boil up for a few seconds longer, then let it settle about five minutes. This mixed coffee will settle slower than pure Kneipp Malt Coffee. Use cream and sugar or boiled milk to suit your taste.
