

WHITEHEAD & MITCHELL. Makers of cannon, powder, small arms, etc.

The woman who thinks of nothing but dress is never to look at that the woman who never thinks of dress.

If Spain is really so very friendly to this country and so much in need of money, it might sell Uncle Sam a few warships.

Senator Tillman demands that Port Rector should be protected from foreign foes. When the tariff comes Tillman could easily run down there with his pitchfork.

The cause of labor ought to be indicated at the statement, that only 1,200 out of 1,000,000 deaths are due to going to no laborer can afford the luxury. That thing must be changed to suit the plebeian variety.

If the dove of universal peace which a western evangelist says he sees hovering in the air is really at that altitude it is going to drop its olive branch and become very noisy in the air.

The Illinois legislature, at its last session, passed a bill materially changing the school law as applied to the purposes and assessments for building purposes. The old law allowed 2 percent of the valuation for purpose of school and 2 percent for other purposes.

The latest novelty in the way of a dinner was given last week by Lippard and Stewart, a New York seer. He invited twenty-five of his friends to dine at Martin's restaurant, where he found an elaborate spread and a delectable table decorated with white tulips, lilacs of the valley and maiden-hair ferns.

The senate committee on commerce is considering the arguments made by representatives of the National Business League and the National Board of Agriculture in the introduction of a new department of the government to be called the department of commerce and industry.

The cause of a bureau officer of the agricultural department for the year 1900 is being decided by the agricultural department. It was already doing all that could well be expected of it.

A Minnesota correspondent of the New York Sun states that in the past few years the quality of wheat grown in that State has deteriorated. Ten years ago No. 1 hard was the contract grade in terminal markets.

One of the most important things in the growing of fruit is good drainage. The drainage system is the name only one thing essential to fruit growing.

Value of cultivation. One of the most important things in the growing of fruit is good drainage. The drainage system is the name only one thing essential to fruit growing.

One of the essential things for an orchard, particularly one in bearing, is to have a good soil.

There is no reason why an orchard cannot bear every year with good care. Last year in my own orchard I got a fine crop of fruit, and I attributed it to the fact that I had, being down to clover the year before, received no cultivation, and the season was so favorable.

The money that Judas gave for surrendering Christ was used to purchase a graveyard. As the money was blood-money, the ground bought by it was consecrated.

The gambler's spirit, which is at all times a stupendous evil, ever and anon sweeps over the country like an epidemic, preying upon thousands.

While among my hearers and readers are those who have passed on into the afternoon of life, and the shadows are lengthening over their heads.

Some years ago, when an association for the suppression of gambling was organized, an agent of the same came to a prominent citizen and asked him to patronize the society.

My beloved father, who I did not see for a long time, died last week of a sudden attack of apoplexy.
