Are You Going to Paint?

We have made the study of the manufacture of Boydell's Paints our business for years and have now so scientific, accurate and close study as to subject that is covering. House painting the past few years has been very discouraging to those who use it. It never sticks or peels but always keeps its body, and it is a wonderful good body.

Extracts From Letters: I have used hundreds of gallons of Boydell's Mixed Paint and it is all right. It is as good as the makers claim to be and is staying readily as good as any paint ever used.

It is better than any other manufactured and better even than the best lead and oil for durability. I will never check or peel but always keeps its body, and it is a wonderful good body.

Myself and son have used 45 gallons and it gave us entire satisfaction. I would recommend Boydell Bros.' Paints to all those who desire a good, durable and lasting paint.
