THE EXCHANGE BANK.

BIRMINGHAM, FRIDAY, JAN. 13, 9

Uusually the louder a he less it amounts to.

Wise is the baggage-smasher wears a chest protector.

St. Louis maidens are now their hats with mistletoe.

Feminine complexions often re emble small boys; they won't wash

as with her tongue.

Better fish remain in the ever were caught. The br weds the "best man."

The man who has enough money to enable him to live in idleness won't and the poor man who would can't. A man seldom drops the coin of fairness into the slot of self-esteem for the purpose of ascertaining his moral avoirdupols.

"I do not object," said a forbearing man to his daughter, "to your trying to make yourself look like a man, but it disgusts me to see the kind of man

Introductive winder a manes graced the lists of heavy taxpayers.

In refusing to pardon a city treasurer who violated his trust and was sept to the penitentiary, the governor of Washington lays down the proposition that convicts should be pardonated only when they are proven to have been innocent, when it is shown that the sentence was excessive, or when, while imprisoned, they are able to render the state isome signal service, when the sentence was excessive, or when, while imprisoned, they are able to render the state isome signal service, would warrant ejercise of the pardonappower; but, leaving that out of the question, we are wholly in sympathy with a governor who declines to abuse it by freeling a juan whose position, culcutation and opportunities encouraged him to be everything but a thief, the trusted official who sins "against light and knowledge," not because of the spur of need, is, of all criminals, the one to be punished. Clemency toward such as now brings the laws into contempt.

It is generally supposed that the unggets which are found in the river gravels of Klondike and other aurifurous regions have been brought on the river gravels of Klondike and other aurifurous regions have been brought down by the rivers direct from the reefs in which the gold originally lay. Many practical miners and set of opinion that this cannot be the case, for no masses of gold of so large a size were ver found in the reefs themselves. They believe, on the other hand, that he nuggets have grown where they are now found, just as a crystal of state of the properties of the set of the

product of dialysis he has succeeded judgship.

In obtaining gold in a colloidal condition, in which state it is soluble in sufer and may be precipitated by the addition of common sait.

General Lord Kitchener persistently refuses to write a history of his Soutan campaign. "Let us have one general who has not written a book," he is reported to have said. A missing which was just completed has been destroyed by fire. Loss \$12,\text{-} and the said of the writer has been destroyed by fire. General Lové Kitcheare persistently refuses to write a history of his Sou-dan campaign. "Let us have one general who has not written a book," he is reported to have said. A English writer says of him: "You cannot imstemed the said of the says of the present of the says of the present of the says of the present of the says of t

a practical and not sentimental ques-tion, and that it involves considera-tions of greater or less good and evil to the community and not of absolute good and evil. It is not strictly a question of temperance or of Sabbath-arias observance, but of doing what of the constraint of the consideraty be done in behalf of both and a better ob-servance of the law.

IN OUR GREAT STATE.

HAPPENINGS IN MICHIGA

Mreek to Michigan Readers.

Wreek on the Wahash.

One of the worst smash-ups' in the history of the eastern divisions of the Wahash took place at Belleville, when freight train No. 50 collided with another freight which was lying at the station waiting for another train from the ast. In one of the result which was lying at the station waiting for another train from the act and the station waiting for another trains from the train lying at the station. The caboose of the first inniu was driven on the top of the engine of the rear end of the train lying at the station. The caboose of the first train was driven on the top of the engine of the rear end and car after car was smashed and piled up. Fire was soon communicated from the engine to the caboose, and this together with five other cars were small to car were only the station of the cars were and its car were only the smash-up. Fortunately no one was injured.

Michigan Hero at Fittaburg.

Michigan Hero at Pittaburg.

Ribbyra, Thompson, of Kalkaska, a salesman for the Cadillac Lumber Co., was the means of saving at least six lives in a hotel fire at Pittaburg. The fire originated from an explosion of gas. In the first moments after the explosion Mr. Thompson ranked into the hallway of the second floor and a woman whom he dragged into a neverther than the same of the control of t
