THE EASTERN STAR.
Birmingham Chapter vs. Keystone Chapter—Trolley Ride, Special Car, and a Royal Good Time for All.

Last Friday evening will be long remembered by the O. E. S. Chapter of our village. About 7 o'clock that evening, 40 members of this jolly organization boarded a car and with Mrs. Emma Tibbils as first motorcar, assisted by Thos. E. Crazy, and Mrs. Clara Hinkelhorst, conductor, assisted by Chas. Busby, took the fantastic, but calculated for with safety, speed and no little speed to their destination, the K. of K. hall at 25 Grand River Ave. where the Birmingham body met their worthy grand matron, Mrs. Ida K. Joslin, of Northville, and their worthy grand patron, Wm. F. King, of Adrian. About 10:00 the Birmingham Chapter and other city chapters were present and the Birmingham Chapter was warmly and cordially greeted and dismissed. Two candidates were initiated in the sweet mysteries of the O. E. S. Birmingham officers doing the work, and for the first time a very nice and loudly performed. Speeches were made and a general love feast indulged in, much to the joy of all.

Our hearts were saddened and a tear or two coursed down our bronzed and wrinkled face as Dr. Sanderson, a prominent member of Keystone Chapter, called a bright little lady, Mrs. Mary Williamson to the front, and after asking her to be seated, proffered a glass against her. He was a very kind man in his regard, causing his victim much nervousness, changing of color from a rosy red to a deadly white, and once or twice we did wish she would rise up in her own defense and smite the aggressive M. D.—but she didn't. And perhaps it was all for the best as a loud shout by presenting her with a fine gold ring fitted for the occasion and saying this was the gift. Thos. E. Crazy and George Mitchell, Charles S. Sandwick and followed by Joe Ryan, raised their glasses, and after eating all the gems who desired to "smoke up" adorned and heartily enjoyed a smoker, and those who desired to "trip the light fantastic" went back to the large room which had been cleared for the occasion, and enjoyed dances such as two-steps, cake walks, waltzes, etc., and the energetic and vivacious direction of Mrs. Hobb, a bright lady who helped very much to entertain the visitors and kept all from becoming the least tired or weary. The pianist was up-to-date, and gave us all the music we needed. We shall never forget our dancing experience, especially the last set, and when Mr. and Mrs. Hinkelhorst strided under her chin and said "I was time to go, we were truly sorry Julia Lee, the main man in securing a special car for us, and without any hurry or worry all night, what a happy crowd indeed, with hearts full of love and pride for Keystone Chapter, O. E. S., of Detroit.

Mothers' Meeting.
"Secret Thoughts and Character Building" is the subject of Mrs. Langley's paper which she has kindly consented to read again at the next Mother's Meeting Tuesday, October 17, in the hall of the church parlors. The business meeting begins at 2:30, the program about 3 o'clock. Mrs. Hauvelt and Mrs. Popleton will speak of some of the effects of coffee drinking. Mrs. Cline and Mrs. Herndon will give thoughts on "The Positive vs. the Negative Training of Children." Some one has said that if there were to be a fighting match or a base ball game in all that hour in Birmingham there would be a goodly crowd out to see it—yet many mothers—It is possible there are not as many who are sufficiently interested in the greater work of the woman's work, characterized by coming to this meeting. Mrs. Langley has already read this paper at a meeting held on a rainy day when there were but few in attendance. It is worth reading in making that it might be read again for the benefit of those who could not be there that day. All are welcome.

THE MARTIN ANNUAL REUNION.
Celebrated in Detroit—Three Sisters Present Whose Combined Ages Aggregated 837 Years.

Last week was the appointed time for the annual reunion of the Martin family, which Mrs. Khola Skinner of this place belongs to and the event was celebrated at the home of Grant Race, son of Mrs. Skinner, who resides on Trowbridge Ave., Detroit.

The attendance this year numbered 50 and the guests were from near and far, including some from Lansing, Jackson and northern Michigan. Mrs. Skimmer, Mrs. Retta Barr and Master Earl Barr were Birmingham's representatives. In addition, Mrs. M. A. Kniss and other distant parties were unable to be present, sent interesting letters, which were read.

The most important personalities of the gathering were the three aged sisters (aunts of Mrs. Skimmer) viz. Mrs. Jane Hinman of Northville, aged 81; Mrs. Phoebe Turner of Allegan, aged 79; and Mrs. Amanda Burgess, of Northville, aged 77. All of whom in the old pioneer days were residents in this vicinity. These three active old ladies entered into the festivities of the occasion with as much enthusiasm as the younger members of the company.

The menu was too varied and elaborate to attempt enumeration, and the spacious dining room was arranged and decorated in a manner to stimulate the already vigorous appetites. "Honor to whom honor" was again manifested when the ice cream was served, that prepared for the trio of old ladies being bricked in floral designs, true to nature in form and outline.

These family reunions from year to year are much anticipated events, and many each and every person who was present on this occasion is pleased to enjoy the one in 1900.

A Painful Accident.
Last Tuesday afternoon, Mrs. Frank Forswall was on her way to Mr. Ford's room in the City Hotel, when she was thrown, when she noticed something wrong with the harness and got out to fix it. In getting back into the carriage she stepped on the step and the horse started, causing her to lose her balance and fall to the ground. The people she was intending to visit came along just then and helped the good lady to her home in this place.

Mrs. Reynolds and Campbell were quite kind to send her a bottle of Compound being quite badly bruised that she had broken her left arm near the shoulder besides dislocating that member. She was put under the influence of chloroform and made as comfortable as she could be while she was on her way home. It is hoped that she will soon be her own jolly self again.

Next a good life music is best calculated to make men happy. The study of good music invariably tunes our hearts to love God and man better. I wish to call the attention of those who have children who want to study the piano to the fact that I will be pleased to see them at my home on the corner of Frank and Saginaw streets. These lessons will be so reasonable that I hope some will be left in the cold. By favoring me with your patronage, you will be doing me a lasting kindness and one that will be thankfully remembered.
