And if They are Diseased Use the World's Greatest Kidney Cure

DR. A. W. CHASE'S KIDNEY-LIVER PILLS.

It's a simple matter to test the kidneys. You need not consult a doctor. By asking yourself three questions you can determine whether or not your kidneys are deranged.

First: "Have you backache or weak, tired legs?" If there had been a very bad case of kidney affection for some time, and doctored in vain until Dr. A. W. Chase's Kidney-Liver Pills were brought to my notice, and they have completely cured me. I cannot say enough in praise of their wonderful merits."

If you have kidney disease, you can take Dr. Chase's Kidney-Liver Pills with perfect confidence that what has cured thousands of cases will not fail you. SCOTT'S EMULSION

is a food medicine for the baby that is thin and not well nourished and for the mother whose milk does not nourish the baby. It is equally good for the boy or girl who is thin and pale and not well nourished by their food; also for the anemic or consumptive adult that is losing flesh and strength.

In fact, for all conditions of wasting, it is the food medicine that will nourish and build up the body and give new life and energy when all other means fail.

Should be taken in summer as well as in winter.

Body Cut in Two.

A most distressing accident occurred the other day near Instantan, Pa., at the shingle mill owned by Mr. W. E. DeMaize. Michael McGuire, who was employed as a newspaper writer at the mill, saw, during the temporary absence of the man who ran the boiler, was working at that machine. The blocks are placed on a carriage and set in motion by hand. McGuire was feeding a block, when the thumb of his right hand caught in the mill, and he was causing him to pinch. At the same time the carriage took a lurch forward throwing the unfortunate man on the saw. He was lying at his left shoulder, passed diagonally through his body to the right hip, severing the body two. McGuire was an industrious 32-year-old man, unmarried, and 21 years of age.
