BEAUTIFUL LAKE ORION!

Were You Ever at the Prettiest Place in Michigan? If Not—Take a Trip to Orion.

The numerous famous associations of the name "Orion" are only just beginning to be known. A few months and years hence the rich religious and literary Treasures actually spread on the charming grounds of Orion and surrounding islands will place the name into ever newer and farther reaching associations, until every letter in the name shall represent an island that is the radiating center of holy light and health giving comfort.

Richard Henry Horne, an English poet, who died some forty years ago, was called "Orion" because of an epic poem by that name, written when he was thirty. For a time he ranked with Browning and Tennyson as one of the most promising poets of the age. In 1848 he published "Orion" for sale, but rather in a hasty and underwritten contract to be sub-ventured to the high purposes for which our association was organized and legally incorporated.

The poem was a revelation of man while our "Orion" is the perfect work of God. "Orion" the poem was a Grecian myth but our "Orion" is a glorious reality, as revealed by its Maker, in a vast and beautiful beauty, that it may invite unnumbered thousands and offer them helplessness and comfort for body, mind and spirit. Nor is our "Orion" for sale, but rather in a hasty and underwritten contract to be sub-ventured to the high purposes for which our association was organized and legally incorporated.

It is the desire and intention of Prof. Sturp's, the leader of the Assembly Orchestra and Camp Meeting chorists to organize a Chorus Choir for Orion, Michigan and Camp Meeting, and the singers of Orion and vicinity and those attending the Orion Camp Meeting are most cordially invited to join the choir. Meetings will be every other day at 2 p. m. or more often if desirable for rehearsal, and the careful study of some of the best music by standard authors. The choir will be supported by the Assembly orchestra. Music and instructions are furnished free, but no one will be expected to sing at all special occasions and at the Orion Camp Meeting. This will be a rare opportunity for singers to receive instructions from one of the best Choir and Chorus conductors in the state.

Preachers, as a rule, know a good thing when they see it, especially if it is in the line of a first-class summer resort, camp meeting or assembly and one hundred and thirty of them have expressed their intention to be with us this season. And there are others, many of them, who are coming. May they come in the line of the Gospel of life. We are planning to treat them well, better than ever. We want, we need them to help make our enterprise a mighty spiritual impetus to thousands. So, if you agree like preachers, you will know where to go to find them a few weeks hence.

Cottages have been erected for Rev. E. Sedwick and E. Dimond. Plans are adopted and contract let for a beautiful cottage for Rev. Seth Reed—a new duplex in front of the hotel on Bellevue Island, 100 feet long, 24 feet wide, with old boat houses at each point moved farther apart; also new dock in front of summer school—a new channel for the steamer barge of Woodland (three acres) Island for the daily opening excursion. Beautiful lots near summer school now being platted—Lucking Cottage moved to north side of Assembly Hotel No. 2. New boat house built by Mrs. Cate on Orion side, and a fine one to be built by Dr. DeCou. Numerous obstructions removed from the beach.

The Campbell Anniversary.

The anniversary of the Campbell family was held at the residence of A. W. Campbell, this place, last Friday, June 10th. The gathering held in honor of the wedding day of their parents, Mr. and Mrs. Welcomes Campbell, and has been celebrated ever since the year 1883. There are 50 in the family, but only 22 were present on this occasion.

At 12:30 dinner was announced and soon the two large tables, laden down with eatables and luxuries of every sort, were filled. In the afternoon a short business meeting was called to order by the president. Resolutions on the death of Grace Campbell were read by the chairman of the committee on resolutions and placed on record, and new officers were also elected for the ensuing year.

At 6 o'clock luncheon was served, and all went away feeling that they had enjoyed themselves to their heart's content, and wishing that another anniversary would soon come.

PAINFUL ACCIDENT CAUSED BY A

Bicycle and Frightened Horse—Miss Carrie VanEvery Sustains a Broken Limb.

The pleasures of last Sunday terminated very seriously for two of Birmingham's well-known young people, Miss Carrie VanEvery and W. Claire Aldrich.

The young couple had been spending the afternoon at Orchard Lake and were just on their return home about 7:30 p. m. from the military dress parade. As they reached a point about one-half a mile east of the Orchard Lake hotel, Fred Cook, of Southfield, who was going in the same direction on a wheel, tried to overtake the rig and in doing so ran against the horse, which badly frightened the equine, causing it to jump in the ditch, near at hand. When the horse sprang to the ditch Claire was thrown and, becoming entangled in the lines, he was dragged a short distance. Miss Carrie, during all this time had remained in the carriage, but when the horse made a plunge for the road, the sight of the two young men lying on the ground and the thought that she herself would, after a moment's run, be hurled to the ground, overcame her fear, and acting upon the impulse of the moment, she jumped from the vehicle. The horse, however, did not run away and as its pace was only a trot at the time the young lady jumped she was not seriously injured. She escaped without serious injury, had she struck the ground on both feet, but, unfortunately, her whole weight was brought to bear on one foot, which resulted in breaking her left leg in two places, but just above the ankle.

It so happened that Will VanEvery, brother of the injured girl, Cal Ellenwood, and the Misses Edith Koozitz and Eva Stabler, who were also on their return from Orchard Lake, were coming along with a double rig and rendered timely assistance. The sufferer was immediately conveyed to the home of Miss Newman, residing near by, where she was made as comfortable as possible until medical aid arrived. The young lady's parents together with Dr. C. M. Raynold were immediately summoned and arrived as quickly as the swiftest steeds could bring them.

Claire escaped with no fractured bones but was badly shaken up and suffered considerably from bruises received, while the woman, who was severely hurt, two wheels of the vehicle having passed over him. Had the horse, which was from Johnston's livery, been a fractious one, the fate of the trio might have been most tragic.

The injured party is deemed to be well and the injured girl to her home until the next day, about noon Monday an eye, enclosed vehicle was sent out after the invalid and she was carefully conveyed to Birmingham. It was at first feared that her spine was injured, but we have since been informed that her limb was only slightly hurt. Her limb was placed in a cast Wednesday and she is getting along thus far as well as can be expected. With the medical aid of one of the best physicians surrounded by her parents and a host of kind relatives and friends, we sincerely trust the young lady's recovery may be very speedy.

NOTICE.

Found on my premises a small horse, light sorrel with white strip in forehead, with brand on hip. Owner can find same at my place at Northwood, June 13, 1899. F. W. CLAWSON.

Traver quality is always worth 100 cents on the dollar of the price asked.

Our \$10 Suits for Men are Wondrous.

It is not that we sell more \$10 Suits than the other prices, but the fact that \$10 seems to be the great price used by other stores as a measure of the clothing values they give. Hence, for the purpose of strong comparison we talk very frequently of our \$10 suits, and we couple to our talk the very forceful fact that to get the same quality in material and making that we sell for \$10 will cost you \$15 at any other store in the state.

You will grant that it would be exceedingly foolish in us to make this statement if we did not have the clothing in the store to back us. Of course, we cannot take the clothing to you, you must come and see them and make the comparison yourselves.

These \$10 Suits are not only in Black Clay Weave Worsted and Blue Serges, but in a great variety of the new patterns in Checks and Stripes, and the lines of sizes are complete. We have no trouble to fit any man.

Orders by mail are carefully filled the day received.

R. H. Traver,
171-173-175 Woodward Ave.

BLUE RIBBON MEETING. CARRIED.

The Great Blue Ribbon Meeting of the Detroit Trotting Club, which takes place July 17th to 21st inclusive, will be the largest the Club has ever known. The early closing stakes and purses are filled better than for a number of years past. In the great \$10,000 Merchants' and Manufacturers' Stakes there are twenty-three entries, in the \$5,000 Chamber of Commerce Stakes, there are twenty-two entries; the \$3,000 Hotel Cadillac Stakes for 2:16 Trotters has twelve entries; and the \$3,000 Hotel Normandie Stakes has nineteen entries, which assure a splendid week of racing, and the largest meeting on record.

They have arranged a novel, entertaining and decidedly up-to-date program consisting of four races each day for the five days, and everyone will have an opportunity to see both kinds of racing, as on each day's program there will be two 2:30 races and two 3:30 races, thus giving patrons an opportunity of deciding which form of racing they like best.

The Detroit Driving Club have arranged with it for a half-day rate, and lovers of the bred horse, and fast trotting and pacing, are promised the event of their lives.

July 17th to 21st, 1899.

At a hot meeting of the voters of School District No. 1 P. F. Prational, a full house was held, 150 voters being cast, yet 77, or 72 1/2 majority, to change the time of holding an annual school meeting from September to the second Monday in July which comes on the 10th of the month and will be in about three weeks. This is the quietest way on earth to secure a ballot with plenty of "hominy" in it.

Children's Day at T. E. Church.

Children's Day was celebrated last Sunday in the M. E. church with appropriate exercises. In the morning nine were baptized and six received into membership. In the evening the exercises were under the auspices of the Sunday school. A program entitled "Peace or War—Young America's Verdict," was given; besides this there were pieces spoken by the younger members of the school. An interesting feature was the collection, amounting to \$12; this will be forwarded to the Educational Society of the church. The decorations were tasty. A large audience greeted the young speakers and bestowed words of praise for the work of the superintendent and those who assisted him in making Children's Day a success.
