Many women can only drive to the cemetery by way of Willetts St. and Greenwood Ave. Willetts St. is almost impassable and dangerous. It ought to be fixed.

A stranger recently expressed great surprise at finding such a well ordered cemetery near a country town, but understood it better when told the women managed it.

The value of our legislature is plainly shown in the estimate made by one of the members that it would take $3,500 to get the bill allowing saloons to keep open July 4th, through.

The Presbyterian L. C. S. will meet with Miss S. Trowbridge Wednesday afternoon, June 21. Committee on refreshments, Mesdames Mitchell, Ward, Smith. All are cordially invited.

Here are Green & McGee, kind friends, don't you see? with skirts and shirt waists to suit all your tastes, and prices—not steep, but awfully cheap. Just read their new ad and you'll always be glad.

A new way to keep cheese in warm weather is to cover it with vinegar. A scientific journal says that this is the only way it can be kept in some moist countries from molding. The vinegar is said not to impair the flavor of the cheese, and it keeps it perfectly fresh for a long time. The experiment is well worth trying on a small scale, for the loss, if it proved a failure, would be infinitesimal.

Ice cream social given by Y. P. S. C. E. tomorrow (Saturday) evening, on Mr. Mason's lawn, Maple Ave. East, second house east of D., G. H. & M. depot. Be sure and remember the place and date.

Big business was done on the electric road last Sunday in the way of conveying passengers. The double track will be a big thing when completed. A nice stretch of it is now used between Hunt's and Wilcox's switches.

At a meeting of the executive committee of the Cemetery Society it was arranged that hereafter all brick grave vaults will be put in by the Society. This will save trouble to the lot owner and be more satisfactory in many ways.

On Wednesday evening, June 21, there will be an ice cream social at Mr. Charles Knowles, of Gilbert Lake. This social is given by the Gilbert Lake Sunday School and everyone is most cordially invited to come. Supper 10c.

The reception that was announced in last week's issue for Rev. H. S. Justema and wife has been changed to this (Friday) evening, in the church. All the congregation and friends are cordially invited to come and enjoy a pleasant evening.

Children's Day, which is from year to year receiving more marked observance, was duly commemorated in the several churches of Birmingham Sunday last. Appropriate addresses were delivered and interesting programs rendered, which made it an enjoyable day to all participants.

FOR SALE—A pile of seasoned Beech stove wood. Sawed and split ready for use; about six cords. Will be sold to highest bidder. Can be seen at the east side of the house recently occupied by James Grinley, deceased. Leave your bid at the Exchange Bank. Terms cash. Must be sold this week.

How about a street sprinkler? Will Baum, the liveryman, has his eye on a watering wagon that can be bought very cheap, and says that if the merchants and dwellers along Saginaw and Maple streets will chip in enough to pay him to run it he will do so and keep the sand, dust and dirt wet down. Let's will.

The Farm Journal is cream, not skim-milk, and just the paper for the man who keeps cows. We give it for the balance of 1899, and all of 1900, 1901, 1902 and 1903, nearly five years, to every subscriber to the Birmingham ECCENTRIC who will pay a year ahead. Walk right up to the captain's office without delay.

The monthly business meeting of the Epworth League for the month of June was held at the home of Minnie Wilson on Monday evening last. Though the evening was very warm a goodly number were present. Refreshments, music and social chat in addition to routine business made it a very pleasant occasion.

As fine a piece of gravelling as we ever yet have seen has just been completed by Fred King, the old reliable road carer who has been in the business for thirty years, and by this time is an expert in his line, knows a good road when he sees it and has made one now. The work he has been engaged in is from Circle to Pontiac, and will stand any amount of driving or criticism.

Our old fellow citizen Sam'l C. Mills has severed his connection with the Grand Trunk R'y and started in business for himself, which is testing, re-fitting and repairing all kinds of scales. He will open a shop in our village where his work will be done. Scales will be called for and repaired and guaranteed. We are pleased to say that Mr. Mills has recommendations as to his qualifications that cannot be beaten, from employers whom he has served the past seven years. Address S. C. Mills, Birmingham. Reference, Exchange Bank.

Last week Messrs. Baldwin, Miller, Nixon and Whitehead started out fishing with the avowed intention of wiping out Brooks' and Whitehead's record of recent date. They won't tell where they went, what they used for "bait" or what the circumstances were, but they certainly did bring home a fine catch of bass and pickerel—28 in all, and now they are resting on their laurels. Still there were four of them and Frank Brooks and Whitehead never felt big enough yet, even after their big catch, to call themselves more than two!

The other day as the car was going south and tried to stop at Brown street, R. A. Parker was awaiting its approach and when the car went past the crossing about 40 feet, he ran after it and when he did finally get aboard, he was madder than a hornet. Mitchell was among those who "also ran." The number of the car, name of conductor, motorman, etc., was carefully taken by the Detroit lawyer, who finally said, "I will report this matter to the company. Steve Baldwin told me to!" "That's right," chipped in Mitchell, "I will too. Mattie Baldwin told me to!" The crew of the car had serious thoughts of resigning, but have finally decided to wait until they are discharged.

Joshua Watson, a young man 22 years of age, residing near Holly, was instantly killed by lightning Tuesday afternoon of last week. A short but sharp electric storm had been prevailing, but it seemed to be about over. As it subsided, apparently, young Watson, who had taken refuge in the barn, stepped to the open door to look out. It was a fatal move, for he had no more than reached there when a bolt of lightning, following the steel track of the hay carrier to a post against which he was leaning, entered the top of his head and passed clear through the unfortunate young man's body. His shoes were torn from his feet, but the only marks that could be found on his body were a small red spot on one temple and another on his heel. He was a very estimable young man and his untimely death was a shock to the community.

A Pleasant Surprise.

On Tuesday evening of last week Judson Cummings, having closed his second year of school in the East Farmington District No. 1, was pleasantly surprised by his pupils and friends of that district, who presented him with an elegant rocking chair, as a token of their esteem and friendship. Miss Susie Houldershaw made the presentation speech, which was as follows:

Dear Teacher, I have been chosen by the school to ask your acceptance of this slight token of our esteem and affection for you. We, as your pupils and friends have desired to show in some manner our appreciation of your ability and fitness as a teacher, and of your kindness in dealing with the weaknesses and follies we have so often shown. That desire finds but a feebie expression in this memento toward which each has added his mite, but let this token, however insignificant its value, assure you that we are not wholly ungrateful for what you have done for us. We know that we can make no proper returns for the aid you have given and the kindness you have shown us, yet we offer this, our little gift, and with it our warmest wishes for your welfare. Faithfully and earnestly have you labored with us, and we hope to do credit to your teachings. We have learned to look upon you not only as an instructor, but as a friend, and in the years to come, when we shall apply your lessons of patience, kindness, fortitude and energy to the real problems of every day life, the memory of your labor in our behalf will not let us forget the debt we owe to you. In conclusion, we ask that you will forgive our many offences, both of omission and commission. Though our relations as teachers and pupils must soon be severed, we trust that this memento will bring us only pleasant recollections of your labors here, and we assure you that we shall always hold you in warm remembrance.

Mr. Cummings, in a few appropriate words thanked them for the expression of their kindness, after which refreshments were served. Games and social chats occupied the remainder of the evening, until the morning hours put an end to the enjoyment.

Closing Exercises of Our School.

The Primary Department, consisting of the first four grades, will give an entertainment at the United Presbyterian church on Thursday, June 22, at 2 p. m. These pupils are under the care of Misses Leonard, Eaniss and Hanna.

The Grammar Department, including the next four grades will give their exercises at the M. E. church on Friday, June 23, at 2 p. m. Misses Hall and Crosby have supervision of these grades.

The parents and friends are invited to come out to these exercises, and by their presence encourage the children.

Our graduating class have this year made something of an innovation by preparing to celebrate Senior Class Day. This exercise will be at the school house grove at 10 a. m. Wednesday, June 28. At this time they will give the Class History, Class Prophecy, the Class Poem and Class Will. There will be other appropriate numbers, some of which are intended to be quite spicy. The public are invited to this, our first Class Day celebration.

On Thursday evening, June 29, in the M. E church will occur the Twentieth Commencement of the B. H. S. The Seniors have incurred a large expense in securing the celebrated orator, Hon. Geo. A. Gearhart of Buffalo, N. Y., to deliver the Commencement address. There will be a charge of 10 cents admission. On this evening, in addition to the address there will be good music, and at this time the class will receive their diplomas and the congratulations of their friends.

The Baccalaureate sermon will be given in the U. P. church by Rev. Montrose Maxwell. It is hoped that this may be a union service of the churches. A large audience will doubtless be present at this time.

Still other events mark the Commencement season, and although somewhat exclusive in their nature, yet it is thought the public may be interested to know their time and character. On Friday evening preceding the close of school the Sophmore and Freshmen classes will give the Eighth grade a reception, welcoming them as members of the High School. On Wednesday, the 28, will be the Alumni reception for the graduating class, and on Friday, the 30, will occur the Alumni Banquet. Cassius Carter is President of the Alumni association, and he is making a determined effort to have this a season of interest to all Alumni.

Great Preparations for the Department Encampment.

The circulars sent out to the Grand Army men of the State show that the Petoskey people are making extraordinary preparations for the Department Encampment to be held in that city on the 21st and 22nd. The railroad rate is one fare for round trip. The tickets are good in lower peninsula from the 19th to 27th, both inclusive, and in the upper from the 20th to 27th. Generals Alger, Joe Wheeler, Duffield and Armstrong have accepted invitations to be present. Special excursion rates to Mackinac Island and the Inland Route of $1 each are fixed, while the round trip to Charlevoix can be made for 25 cents, and each of the beautiful summer resorts within ten miles of Petoskey can be visited on commutation tickets at 65 cts. a ride. Enough is known to indicate the largest attendance at any Department Encampment for years past.

THE STAGE.

AT THE LYCEUM.

"Woman Against Woman" is the offering of the Cummings Company at the Lyceum this week. This play is one of the melodramatic successes of a few years ago and possesses more than the ordinary merit. It was the vehicle in which Effie Ellsler made her first starring venture. The Cummings company have produced it many times and invariably scored successful engagements. Ralph Cummings will be seen as John Treasider, a Yorkshire workman.
