

FARM JOURNAL A Great Offer

The Farm Journal is an old established paper, enjoying great popularity, one of the best and most useful farm papers published.

This offer should be accepted without delay.

SOME TIME.

Some time, I think, I know not when, nor how, Perhaps beyond life's often destined skies, In the best land where weary man's feet tread, Some things that were never our spirit's bread, Beneath whose load we daily find our burden, I'll prove to be but blessings in disguise, For which we'll render praise instead of sighs, And kiss the hands that some afflictive shower, As ears attuned to music's highest strain, In notes discordant find sweet harmony, So we, perhaps, will feel our spirit's thrill, When in the knowledge of eternity Some things that hurt our hearts with anguish fill, Prove mine or chords of purest melody.

We are sorry to say on account of the short supply of water, Mr. Baum has been unable to sprinkle the streets lately. If, as everyone says, there is an unlimited supply of water to be had, let's have it. Two more good sized wells would do it and the expense is nothing compared to the comfort of a good supply.

Last Sunday morning, Mrs. Geo. German, Sr., an old and esteemed resident of Franklin, passed away after a two weeks' illness. The funeral was held Tuesday at 2 p. m. Considerable money is being used to overhaul and change the chimney in the school house, to carry out a pet scheme of the head of the Board. Well, he ought to have the name of pushing out a pet scheme to a finish after three years persistent application, and altho' it is useless and very expensive—and late in the day—and the last, the district will forgive and forget, we hope.

From our point of observation the more we agitate the uncomfotableness of the weather the more miserable we become, and yet, how often that all-important topic of conversation comes to our aid when our vocabulary is well-nigh exhausted. An exchange has very wisely said: "The weather it is hot or cold—Since this is truth, don't flout it, in chiefest part, by reason of the fust we make about it."

The Farm Journal is 22 years old, prints 40 tons of paper a month, and

The residents on the south end of Woodward Ave. have certainly had a hard time the past few weeks, caused by the relaying of tracks, curbs, etc. It is unfortunate the work had to be done during the dry, dusty season. Persons who have done their best have been blamed and now if everyone will be patient, not accuse others of interested motives till they know, everyone will be happier and more justice will be done.

The Supervisors' Picnic, under the complete management of Daniel L. Davis, was a pronounced success in every particular. Many went to Orion Lake on Wednesday of this week to participate, but we know quite a number who would not go on account of the prospective day being a hot one, which it was. We need rain very, VERY badly, and unless some moisture arrives soon and potatoes won't amount to much.

Senator Davis, of Illinois, is quoted as saying: "Each year every local newspaper gives from \$300 to \$5,000 in free lines for the benefit of the community in which it is printed. No other agency can or will do this. The editors in proportion to their means do more for the town than any other people, and in all fairness the home paper ought to be supported, not because you like or admire the editor's style of writing, but because a local newspaper is the best advertisement a community can have. It may not be crowded with great thoughts, but financially it is more of a benefit than teacher or preacher."

You

need not lose flesh in summer if you use the proper means to prevent it. You think you can't take SCOTT'S EMULSION in hot weather, but you can take it and digest it as well in summer as in winter. It is not like the plain cod-liver oil, which is difficult to take at any time. If you are losing flesh, you are losing ground and you need

Scott's Emulsion

and must have it to keep up your flesh and strength. If you have been taking it you should continue until you are thoroughly strong and well.
