

# I Had a Bad Cough

"I had a bad cough for six weeks and could not find any relief whatever. I read what a wonderful remedy Ayer's Cherry Pectoral was for coughs and I bought a bottle. Before I had taken a quart of it my cough had entirely disappeared."—L. H. HERR, Newburyport, Mass., May 3, 1896.

Don't say but take Ayer's Cherry Pectoral just as you buy it. A few doses will cure a cold. It cures, and it cures, only it is a little slow in its work. We refer to it as a slow-working cough, cold, croup, and bad winter cough.

Step of the South.  
It has been a year since that the people of the South have been so much interested in the progress of the new world as they are now. The people of the South are beginning to see that the future of the South is not in the hands of the old South, but in the hands of the new South.

# A LOST RECORD.

Mary Westmorell had become accustomed to the idea of spinsterhood and had settled her mind down to an appreciative enjoyment of that condition of existence. For mind and purse well stored when Philip Westmorell came to America and having heard her great-grandfather's name, he had had her name put on a list of names for the purpose of securing a copy of the original without a pressing application to the Westmorell family.

Philip Westmorell, a young man of about twenty, came to the city of New York, and he was looking for a job. He had heard that the Westmorell family had a large estate, and he was hoping to get a job there.

# I was acquainted with facts which vouch for me.

"Are you sure, Phillip?" "I am only too sure, Mary." "And—and you are disappointed in him, dear?" Mr. Westmorell made no articulate answer. He sat down quietly, smiling at his wife and faintly.

During the next few weeks, Mrs. Westmorell had an opportunity for investigating the reputation which this young man inspired in his father. She was not disappointed to find that the young man had a reputation for honesty and integrity.
