DOES YOUR BOY NEED AN USTER?

Or will he need one next winter? If so, here's your opportunity to buy one at a saving in price.

\$5 and \$6 Ulsters Sizes 5 to 7 at \$3.50.
\$7.50 and \$10 Ulsters Sizes 16 to 19 at \$5 and \$7.50

We have too many of them this time of year. The season has been too inviting for Ulster selling. But now the conditions are just right for a quick reduction of stock—cold, blustery weather, cut prices. This is regular Slusher clothing, honest in every detail, Shetlands, Chinillas, Frises, and Chevots. Buy them with all confidence. We take the risk. Another coat or the cash if you want it in exchange for one that you think is not right. Mail orders filled, too, on the money-back basis.

Have You Heard Of It?

You may have heard about SCOTT'S EMULSION and have a vague notion that it is cod-liver oil with its bad taste and smell and all its other repulsive features. It is cod-liver oil, the purest, and the best in the world, but made so palatable that almost everybody can take it. Nearly all children like it and ask for more.

SCOTT'S EMULSION

looks like cream; it nourishes the wasted body of the baby, child or adult better than cream or any other food in existence. It bears about the same relation to other emulsions that cream does to milk. If you have had any experience with other so-called "just as good" preparations, you will find that this is a fact.

The hypophosphates that are combined with the cod-liver oil give additional value to it because they tone up the nervous system and impart strength to the whole body.
