QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any in decent in the civilized world. Your mother, and grandmothers never thought of using anything else for Indigestion or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart Failure. Use August Flower to clean out the system, and stop fermentation of undigested food; regulate the action of the liver, stimulate the nerves and organs of action of the system and that is all they took when feeling dull and ill with headaches and other aches. You only need a few doses of Green's August Flower in liquid form, to make you satisfied there is nothing serious the matter with you. Sample bottles at Whitehead & Mitchell's.

WOMAN'S POINT OF VIEW.

[illegible] is a thing as being too [illegible]

It is a wise woman who knows more than she tells.

Talk of love comes to the man who is beaten for it.

How do you like that diary you started to keep last January?

A wrinkle can have no higher ideal in life than to be good.

The small boy is announcing what he expects for Christmas.

To every dozen people who preach economy there is one to practice it.

Paint on paper not only wrinkles the face but wrinkles the heart as well.

All things look fresh in May, when people are dead, say before they die.

Never give away a present that you feel you would rather keep for yourself.

[illegible] a great deal about a man from the position he occupies.

Some people think they don't [illegible] to be found in the song-book [illegible] pills.

It does not take much coaxing to start some people to singing their own praises.

Parents who want their children to be polite must have good manners themselves.

If one-half the world knew how the other half lived what a lot of surprises there would be.

Judging from their conversation, an idea must feel very lonely in some people's heads.

Each person always thinks his own troubles just a little bit harder to bear than anyone else's.

Never be the first to adopt a new fashion, nor the last to leave the old," is a safe rule to follow.

The ideal marriage is when a man, after five years of matrimony, can still give thanks for his wife.

The average girl judges of the merit of a cup of chocolate by the amount of whipped cream there is on top.

There are times when every woman needs a course of moral massage to take the wrinkles off her heart.

You can't judge of the amount of money in a pocketbook by the amount of gold trimming there is on the outside.

Lots of servants believe that if a lady with red hair should happen to call on the mistress of the house on a rainy day, it is a sign that they will soon receive "two weeks' notice."

To talk about Prince Charming may be all very well, but a girl stands a much better chance of matrimonial happiness if she picks out a plain, everyday man, who can earn enough to pay the rent and store bills.

Many a girl, when she first falls in love with a man, seems to feel aggrieved if he manages to exist with any degree of comfort or pleasure when out of her presence.—Philadelphia Times.
