# A TALKING MACHINE GRAPHOPHONE

Among the many medieval buildings of England, which in the lapse of time, have sunk from their once high estate, the palace of Eltham, in Kent, is one of the most interesting. After many vicissitudes it has come under the auctioneer's hammer, the crown being offered for sale in October, 1919.

It was once a great residence. John, the son of King EDWARD I, who was knighted at Eltham, was here in 1297. Prince EDWARD, who was crowned at Eltham, died here in 1307. It was the site of the execution of the Duke of Clarence in 1478.
