# THE BIRMINGHAM ECCENTRIC

ONE DOLLAR PER YEAR IN ADVANCE WHITEHEAD & MITCHELL, PUBS. BIRMINGHAM, FRIDAY, MAR. 29

The pursuit of happiness does not necessarily imply the pursuit of wealth. Wealth implies a matter of individual conscience entirely.

Prof. R. S. Woodward, of Columbia University, in a recent paper shows reasons for thinking that the earth's atmosphere extends to a height varying with the distance from the equator. At the equator it estimates the height to be 60,000 feet, and at the poles it estimates it to be 10,000 feet.

# A REMARKABLE MAN.

HE IS GIVING AWAY THE FORTUNE HE MADE.

D. K. Parsons, of Chicago, started to make a fortune that he might give it away—his Methods, Success and Gifts.

One of the most remarkable characters in this country today is Dr. D. K. Parsons, of Chicago. In 1869, at the age of 12, he went to that city, the possession of \$500 in cash which he had saved during his years of childhood.

Four years ago Dr. Parsons had his tombstone erected in Hinsdale Cemetery, as he desired to have all his affairs arranged before he died. The granite for this monument was brought from Barré, Vt., where the doctor taught school in 1836.

The remaining \$150,000 will be disposed of in donations which have not as yet been announced. On this account it is his intention to require an annuity of two percent, or \$3,000 a year, payable up to the time of the death of himself and wife. This will allow them to live in comfort and with the assurance of a future.

Dr. Parsons is a man of high character and high ability. He is a man of high character and high ability. He is a man of high character and high ability.
