GET AT THE CAUSE

Of Backaches and Headaches, and Remove It by Using

DR. A. W. CHASE'S KIDNEY-LIVER PILLS.

The error of the day in medical treatment is the "doctoring" of effects instead of getting at the cause. A powder for headache, a tablet for indigestion, and a plaster for backache. These may afford slight temporary relief, but next day the old trouble is back again. Besides, think of the effect of a drug strong enough to stop headaches almost immediately.

Backache is kidney ache. A sure indication that the kidneys are badly diseased. Backache is nature's signal of alarm to warn people that the kidneys are no longer able to perform their duty of filtering the blood. And this means that the foul impurities which would otherwise be carried off by the kidneys remain in the blood, and find their way to every organ of the body, where they act as deadly poisons.

Dr. A. W. Chase's Kidney-Liver Pills are the world's greatest kidney cure, because they go directly to the kidneys and restore them to health, strength and vigor. They remove the cause of headaches, backache and an endless train of most fatal and complicated diseases.

Dr. Chase's Kidney-Liver Pills are purely vegetable, and act pleasantly and naturally. One pill a dose, 25 cents a box, at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

THE LOVES AND THE IMMORTALS.

He was the host of Apollo, who stood on top of the piano. She was the plaster cast of the East Wind, which hung on the wall opposite. And they had somehow managed to fall love with each other. Perhaps they had imbibed something of the general atmosphere of the apartment. It is inhabited by three poetic bachelor maidens, each and every one of them sworn never to fall in love or marry, and each and every one passing through that stage of their evolution when one learns that it is really noble to own one's self mistaken and often views rather than to wreck the happiness of a fellow creature, even if he be only a man. So much love-making, open and covert, went on under the eyes of the unsympathetic casts that they were often at a loss for something to occupy the minds and time of the tender passion-stricken.

Phyllis Forrester was the prettiest and sweetest of the three maidens, and Apollo was the handsomest and most fascinating man who had ever called on them. And Phyllis was the first to succumb to Apollo's wiles.

One day, when Apollo was at the piano, Phyllis, who was sitting on a low stool and made loved to the position of his sweetheart's hand.

Phyllis said the human lover often. "Phyllis dear, I was thinking how very much I love you. If I won't displease you, may I should let you have such things, my darling?"

No, answered Apollo and the cast Wind together from their station on top of the piano. Phyllis was silent for a few moments, then, with a little sigh, she said:

"Phyllis, what are you thinking of, my dear?" he asked, as the girl remained silent.

"I was thinking that I have known you for such a short time, and that I have only met you twice before, and that I have only seen you twice before, and that I have only seen you twice before, and that I have only seen
