RIVER ON THE RAMPAGE.

Last Week's Rains Change the River Rouge from a Peaceful Brook to a Raging Torrent.

It is not the first time that the River Rouge has been transformed into a raging torrent. The heavy rains of the past few days have caused the water to rise to a point where it is now overflowing its banks in many places. The result is a great deal of property damage and a great deal of suffering. The water is so high that it is now impossible to cross the river in many places. The result is a great deal of property damage and a great deal of suffering. The water is so high that it is now impossible to cross the river in many places.

OBITUARY.

Miss John DeBach,
