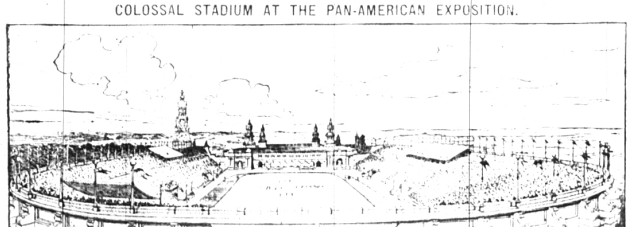
COLOSSAL STADIUM AT THE PAN-AMERICAN EXPOSITION.



Copyrighted, 1900, by the Pan American Exposition Co.

The completed Stadium for the Pan American Exposition, to be held in Buffalo, will be to the lovers of sports the most spacious and splendid of its kind ever erected. It will be the central feature of the great Exposition and will be the most complete in the world. Accordingly it will be the scene of many of the best promoters of athletic contests. A vast concourse of people may thereby be expected to witness the meeting of the most famous athletes of the world in competition for the honors worthy of their best efforts. It is said that the great Colosseum at Rome could accommodate 50,000 spectators. The Pan American Stadium will be 120 feet longer and but 10 feet narrower than the historic amphitheatre of Rome. The Stadium, however, will have a larger arena, and the seating capacity is estimated for 250,000 people.

DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible, if not possible for you, then in either case take the ONLY remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German syrup." It not only heals and stimulates the tissues to destroy the germ disease but allays inflammation, causes easy expectoration, gives a good night's rest and cures the patient. Try one bottle. Recommended many years by all druggists in the world. Sample bottles at Whitehead & Mitchell's.

Witness my hand, Sept. 25, 1899.
