ROYAL OAK.

Corners and Goers Church Notes Eye sight Restored Citizens Attended the Wiseman Trial. Sad Case of the Appetite for Drink.

Preparations for Christmas is the order of the day.

Mrs. J. A. Campbell visited at Dr. Campbell's, in Birmingham, one day last week.

Royal Oak seems to be singularly healthy this season. We do not know of any seriously sick in our midst.

The old saying that winter will not come until the swamps are full of water seems likely to be fulfilled this season.

Mrs. Cassius Carter of Birmingham was the guest of her sister, Mrs. McClure, last Saturday and Sunday.

Mrs. Ira Bartram went to Southfield last Sunday to spend a week or ten days with her aunt, Mrs. Robinson.

Mr. McCormick has returned from a short trip in the South.

Little Merrill Merritt was suffering the past week with a bad case of eczema on his face, but it has nearly disappeared under Dr. Hammond's treatment.

On Monday, December 9, your correspondent noticed a pansy blossom in the open yard of one of our townsladies. A pretty good indication of a mild season, is it not?

Quite a number of our townspeople attended the Wiseman trial at Pontiac last week and heard his sentence. Mrs. Conrad of this place was a witness and several of her lady friends attended with her.

Those who are obliged to wait for the electric cars are glad that the work on the waiting room is completed so that it can be used again. While the work was going on the room was closed and travelers had to wait outside in the cold and storm.

The W. C. T. U. meets this Friday at the home of Mrs. Warner. All ladies are invited to attend and join the ranks, for the need of organized temperance women is sadly evidenced even in as small a place as Royal Oak.

Last Sunday was one of the gloomiest days that we have seen in a long time a good day to stay at home. Very few people were seen on the streets. Only twenty two persons were present at the morning service in the M. E. church and there was no Sunday school, Epworth League or evening service.

There have been services for several Sundays in the Congregational church and if the people are united in their desires it is possible that a regular pastor may be secured. It is to be hoped that such a result may be obtained as it is a pity to see the vacant churches in this place. The Baptist church has been closed about four years.

Mrs. W. Campbell, who has been detained in one of the Detroit hospitals for about six weeks on account of an operation on her eyes, was able to leave there on the last day of November and has since been staying with her son, Dr. Campbell, at Birmingham. The operation was entirely successful and she will return to her own home later on.

The house occupied by the Huss family has never been occupied since the disappearance of the ill-fated woman who was once its mistress. It stands empty and desolate like a haunted dwelling and no one who is acquainted with the subsequent history of the case will be likely to care to occupy it. Thus even buildings seem to become cursed through associations with crime.

Mrs. Decker, who was sentenced to the Detroit House of Correction for 60 days completed her time last week. It is sad that women as well as men will become slaves to the drink habit. We suppose a woman has just as good a right to get drunk and ruin her home as a man has, if she wants to, but it looks worse, especially when she is the mother of a large family of innocent children.

No one can reasonably hope for good health unless his bowels move once each day. When this is not attended to disorders of the stomach arise, biliousness, headache, dyspepsia and piles soon follow. If you wish to avoid these ailments keep your bowels regular by taking Chamberlain's Stomach and Liver Tablets when required. They are so easy to take and mild and gentle in effect. No school last week on account of the illness of the teacher.

We understand there will be at least two weddings at christmas time. Now put on your guessing caps.

Taxes are ripe at this season of the year, also Christmas is coming. These two events empties the pocketbooks of the average man.

Mrs. D. Harris spent a day in Detroit with her sister Mrs. Ross Smith, last week. We are glad to learn that Mr. Smith is recovering.

The Lady Maccabees will give an amusing entertainment entitled "The Odd Maids Convention" at Maccabee hall on Friday evening, Dec. 21st. Admission 10c. Come and get a dollar's worth of fun for only a dime.

A Good Cough Medicine.

I find Chamberlain's Cough Remedy is an excellent medicine. I have been suffering from a severe cough for the last two months, and it has effected a cure. I have great pleasure in recommending it. W. C. Wecker. This is the opinion of one of our oldest and most respected residents and has been voluntarily given in good faith that others may try the remedy and be benefitted, as was Mr. Wecker. This remedy is sold by Whitehead & Mitchell.

TROY.

Mrs. Geo. Morrison, who has been visiting her parents at the Sloan farm for some time, has gone to Dallas, Texas, where her husband is putting in an electric road.

Claud Harris and wife took in the Bostonians at the Detroit opera house last week.

Miss Pearl Lamb, who is now teaching in district No. 4, is doing nicely and is very much liked by her pupils.

A stranger related this little anecdote which happened a few days ago:

"I was a little amused while riding on one of the suburban lines when an old timer boarded the car, with his long, distinguished-looking locks floating about his ears, which gave him the appearance of a great poet or speaker. But when he opened up conversation with the conductor I found my mistake, as he evidently thought he owned the road and ought to be transported free of charge. He cause, said he don't you know my Georgie? He's my boy. I'm his father, don't you know? Evidently he was trying to identify himself through Georgie. I wondered if Georgie, who ever he was, could have seen his father just then, if he would be as proud of him as the father seemed to be of Georgie. What a pity that such smart looking men should be such a disgrace to themselves and family, when they might be a blessing to the world cut out whiskey.

Federal Buildings for Small Cities

It is reported that Congressman S. W. Smith expresses himself to the effect that the federal government could save money by erecting government buildings in most cities of over 10,000 inhabitants, and that he will introduce a bill in congress covering his views. He is quoted as follows:

"In Washington the government is renting buildings at 6 to 7 per cent on the money invested. The government could borrow money, build its own buildings, and pay only 4 per cent. I am satisfied that it would pay to erect buildings at a cost of from $40,000 to $60,000 in every city in the United States of between 10,000 and 50,000 population. Such a bill will meet with Congressman, and should interest them all in its passage. There is no need of reducing government revenues. A better way to invest surplus revenues couldn't be found. I know it would pay the government to erect federal buildings in Flint and Pontiac."

Consumption

is destruction of lung by a growing germ, precisely as mouldy cheese is destruction of cheese by a growing germ.

If you kill the germ, you stop the consumption. You can't, according to which you begin.

Take Scott's Emulsion of Cod Liver Oil; take a little at first.

The germ-killer and flesh-builder.

It acts as a food; it is the easiest food. Seems not to be food; makes you hungry, eating is comfortable. You grow strong-er. Take more; not too much; enough is as much as you like and agrees with you. Satisfy hunger with usual food; whatever you like and agrees with you.

When you are strong again, have recovered your strength—the germs are dead; you have killed them.

If you have not tried it, send for free sample, its agreeable taste will surprise you.
