Three of the hotels, a lot of private roads, the cream mill and water power, the electric lighting plant and lighting franchise, a private telephone system soon to go up on Assembly island, a newspaper and printing establishment, etc. We presume we have omitted a few minor things, but these are among the things left to them since they sold out the electrical works. They failed to get a municipal water works franchise and they lost their lighting contract as well under consideration. No sir, Mr. Democrat, Messrs. Lau and Winter do not own out town not yet. No one can reasonably hope to good health unless his bowels move once each day. When this is not attended to, the system becomes clogged, and the blood is impure. It is a well known fact that if you wish to avoid these ailments, keep your bowels regular by taking Chamberlain's Stomach and Liver Tablets when required. They are easy to take and mild and gentle in effect. For sale by Whitehead & Mitchell.
