

ELECTRIC WONDERS

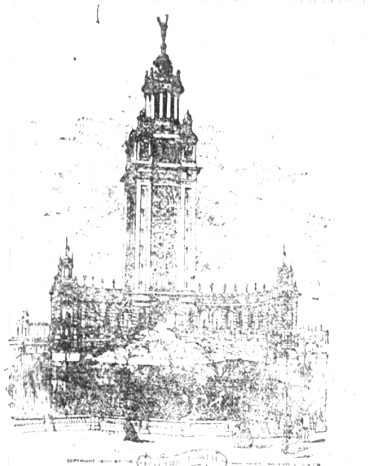

Unparalleled Display at the Pan-American Exposition.

Progress in Electrical Science Will Be Illustrated in a Most Comprehensive Manner at the Great Show Next Summer.

Recent illuminations and electrical exhibits will form conspicuous features at the Pan-American Exposition and similarly being in view of the marvelous progress made in electrical science during the past decade and in view of the proximity to the exposition grounds of the great plants of Niagara Falls from which the electric power is derivable.

The electrical illuminations of the exposition will be of an order of grandeur with the electric power from the fountain and the electric lighting and in the excellence of the electrical apparatus, the use of arc lamps and incandescent lamps, and the use of electric power in the illumination of the exposition grounds.

QUEER TITLES FOR SERMONS

The Rev. Dr. Lorenzo Dow, once preached to thoughtful young women who with their gorgeous bonnets had taken the highest seats in the room, from the text, "Thinker, Come Down." One of the most brilliant preachers of a generation ago, now a "cashier" preached to young people from the text, "Let Every Driver." Several years ago a bright

Try Grape-O!

Ask your grocer today to show you a package of GRAPE-O, the new food drink that takes the place of coffee. The children may drink it without injury as well as the adult. All who try it will find GRAPE-O has that rich, smooth flavor of Mocha or Java, but it is made from pure grains, and the most delicate stomach receives it without distress. It is the perfect coffee. The small 5-cent package. Send for six.

Job was willing to serve food for thought but food could not be taken. He never worries about future rewards, it has its reward in loving.

You Can Get Aches and Pains.
