Which shall make every heart that owns it.
In this one word the answer lies.
All master of the wisdom.
The world is full of people who are kind.
The world is full of people who are kind.
The world is full of people who are kind.

Done by the Dead.
Persons have believed death with marvelous exactness. But when the dead form life or death in life, the spectacle is as gruesome as can well be imagined. Not long ago a Russian secretary was the scene of a strange wedding as ever has been witnessed. A young girl who had been betrothed died on the eve of her marriage, and her friends decided that, in spite of the interdict, a husband for her marriage must take place. The wedding ceremony was performed at the side of the grave, and after the marriage the body was returned to the coffin and placed in its long resting place. It is less than a year ago that a remarkable case was witnessed in a little town in Austria, by a man who was dead when he passed the winning post. The race took place at an electric light track, and the man in the crowd who was the subject of the case, was seen to pass the winning post. The man who was the subject of the case, was seen to pass the winning post. The man who was the subject of the case, was seen to pass the winning post.

WONDERFUL CURE OF PSORIASIS.
As a sufferer for thirty years from the worst form of Psoriasis, finally cured by Cuticura Soap and Cuticura Ointment, I wish to tell you my experience, that others may benefit by it. I was so grievously afflicted that the matter that exuded from my pores after the scales had peeled off, would cause my underclothing to actually grow to my body. After remaining in one position, sitting or lying down for an hour or two, the flesh on my elbows and knees would split, so thick and hard would the crusty scales become. The humiliation I experienced to say nothing of physical agony, was something frightful. The detached scales would fairly rain from my coat sleeves. I have read none of your testimonials that appear to represent a case so bad as mine. But as to the cure, I commenced bathing in hot Cuticura Soap each night and morning, applied the Cuticura Ointment, and then wrapped myself in a sheet. In two weeks my skin was almost blood red in color, but smooth and without scales. Patches of natural colored skin began to appear, and in less than a month I was cured. I am now pasted forty years of age and have skin as soft and smooth as a baby's. Hoping that others may benefit by my experience, and regretting that sensitive friends may learn disclosing my name, I am yours gratefully,

Mrs. Pinkham Saved me from an Operation

Hospitals in our great cities are sad places to visit. Three-fourths of the patients lying on those snow-white beds are women and girls. Why should this be the case? Because they have neglected themselves. Every one of these patients in the hospital beds had plenty of warning in that bearing-down feeling, pain at the left or right of the womb, nervous exhaustion, pain in the small of the back. All of these things are indications of an unhealthy condition of the ovaries or womb.

Mrs. Knapp tells of her Great Gratitude.

"DEAR MRS. PINKHAM: I have received much benefit from using your Vegetable Compound and Sensitive Wash. After my child was born, blood poisoning of the womb and congested ovaries had suffered from suppressed and painful menstruation of a girl. The doctors told me the ovaries would have to be removed. I took your treatment two years to escape an operation, and still remaining in miserable health is both body and mind, expecting to part with my reason with each coming day. After using your Compound, I became entirely cured. I continued to use it, and I continued to be a perfect good health. I know I have been cured. I am so grateful to you for your Compound. My gratitude is great indeed to the one to whom so many women owe their health and happiness."
—Mrs. P. M. Knapp, 1529 Kinnickinnic Avenue, Milwaukee, Wis.
