PERFECTION IN FOOTWEAR.

Shoemakers are progressing toward it with rapid strides. The lasts in use today are the most comfortable since leather shoes were made and that's been a long time. But we have a shoe that we sell at

$3.00--"The Herrick Shoe"--

that is about as near perfect as anything created up to the present time. They are made with a preparation of ground cork and cement which makes the soles noiseless, elastic, waterproof and gives a cushion effect for the feet.

Made in Patent Ideal Kid, Patent Calfskin, Vici Kid and Box Calf, light flexible soles and heavy welt soles.

SAYINGS and DOINGS

Savage Soon to Be Chief.

Lieut.-Gov. Savage will be inaugurated as governor of Nebraska probably within the month. Governor Dietrich has given his promise to vacate at an early date and qualify as United States senator.

In 1880 Mr. Savage lived in a sod house on the plains of Chester county. The new governor is a typical western man. He was born at Connersville, Ind., in 1852, and was left at the age of ten the sole support of his mother and the eight younger children. He found employment in a printing office in Connersville, and worked at the trade for three years. He then went to Omaha, Neb., and worked at the trade for a year. He then went to Chester, Neb., and started a newspaper. He was successful from the start, and in a few years was the owner of a large printing establishment. He was elected to the legislature in 1880, and was re-elected in 1882. He was appointed deputy secretary of state in 1883, and was re-appointed in 1885.
