POOR LITTLE JOHNNY!
AND HIS "TUMMY"!
Small boys, and many times large ones, and occasionally girls, too, big and little, suffer terribly from convulsive pains or "cramps" in the bowels and stomach—pain so violent that it "doubles up" the ones attacked, and makes it impossible for them to stand up.
Some people call it colie, but most honest, plain-spoken people call it believed and very properly, for the seat of the trouble is in the bowels, and caused by the violent efforts of the bowels to rid themselves of something which doesn't belong there. The small boy usually gets it from over-cating or from eating forbidden foul, and suffers mostly in the summer time. For we will be supposed to the poys and girls and the big folks, too, for the boys and girls and the big folks, too, for the boys and girls and the big folks, too, for the boys and girls and the big folks, too, for the matter, clean out the douged.
