A fine specimen of the periophtal-mus family, a species of fish that is supposed to be confined strictly to Af-rican waters, was recently caught near Fernandina, Fla.,

Hisly's new coinage with the head of Victor Emmanuel III. will be ready soon. The dies have been cut by Ca-raliers Spranaz, the engayer of the coins of King Humbert. III. G. Wellis, the novelist, has de-signed a horse for howelf at Sankatte. England, in which be potter thinself.

work yind, we are tool groups them over from some distant part.

Murray Hall of New York, the won and who for years lived as a man, intended to keep up the deception even beyond the grave, Her will, idle for probate the other day, provides for the probate the other day, and the provides over that. The executive is undecided whether to follow this old internation or not. If she does, it will be a monument commemorating the fact that at least one woman could keep a secret, and keep it well. She left an evatate worth over \$80,000, amassed by hard work.
