COMPARE A RAILWAY SYSTEM

Friday, June 2, 1901.

Prof. F. W. Walk, in his book "Modern Dairy Practice," treating of the infection of milk by bacteria. A too long stall may indirectly be the cause of the infection of the milk. The hindquarters of the cow will under this condition be soiled by the manure when she lies down. This is especially the case with the tail, which particular attention must always be paid in cleaning the cows. The cow will often swing her tail during the milking and if it is soiled, this will of course be spread to all sides. I have found that the milk may in this manner be mixed with dirt of the most offensive kind.

At a farm where the stalls were too short, and where there was an illiter in the liquid manure gutter, the cow-falls were always wet and dirty, and the cows lay down their tails in the gutter, which did not thoroughly clean the liquid manure. Although the gutters were new, holes and crevices had already formed in them, in which the urine and liquid manure accumulated, and fumes were given off. By applying water, standing in the gutter, the dirt particles were washed away. The cows could then lie down, and the milk be clean as though the gutter were clean, and kept clean. It is a simple matter to keep the gutters clean, and the milk clean. I have seen many farms where the gutters were not cleaned, and the milk was not clean.

DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more serious and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the ONLY remedy that has been introduced in all civilized countries with success in severe throat and lung troubles. "Bocher's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease but also inflammation, causes easy expectoration, gives a good night's rest and cures the patient. Try one bottle. Recommended many years by all druggists in the world. Sample bottles at Whitehead & Mitchell's.

SMALL BOY AND THE HORSE

ACTS THAT STAMP THE BOY WITH THE BADGE OF NOBILITY

What business these small boys are sometimes. The streets are full of them. They play tricks upon us. They knock our tail coats, and they climb up on our backs and play our hair. I have seen a small boy climb up on the back of a horse and play its hair. The horse was a noble animal, and the boy was a noble boy. The boy was a noble boy, and the horse was a noble horse. The boy was a noble boy, and the horse was a noble horse. The boy was a noble boy, and the horse was a noble horse.

Saves Two from Death.

Our little daughter had an almost fatal attack of whooping cough and bronchitis, writes Mrs. W. K. Hayland of Irons, N. Y. "But when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had Consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well. I repeat throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth." Intallure for Coughs and Colds. Six and \$1 bottles guaranteed by Whitehead & Mitchell.
