Young Men's Summer Suits

\$8 and \$10--16 to 19 Years

Just the kind the young fellows want. They appeal with particular force to those who understand and appreciate the finer points of finely made garments, their noble styles, perfect fitting, and are built up to date with resisting fabrics. Don't you believe that every clothier that claims to give particular attention to the young men's clothing. There's nothing in it. Every store that amounts to anything gives special attention to every article it sells and the question after all is, which store gives you the best quality for the least money? That's the one where the young men's suit should be purchased and that is why we expect you to come to Traver's "The Satisfaction Store" where the appointments are not only of and buying is made a pleasure.
