Detroit White Lead Works Best Liquid Paints...

BIRMINGHAM, Mich., April 18, 1902.

Detroit White Lead Works:—
Gentlemen-Nineteen years ago I painted my house with Detroit White Lead Works
Best Liquid Paints. I have been overhauling my house this spring and found the paint
hard and in good condition. Chalk off? Well, I guess not. When the tinner tried to
scrape off this 18-year-old paint there was considerable prafamity in the vicinity because it
spoided his tools triving to scrape off the hard paint before he could solder the new tin to
the 'old'. The paint stood hard as the metal on an exposed tin roof for 18 years. This
paint was put on by Wes Paint in October and November; 1883. Respectfully.

J. ALLEN BIGELOW.

I have used Detroit White Lead Works Best Liquid Paints for 18 years. During that time I have used all the other and an endowment paints so the market. I wish to state here that the Detroit Wing that time I have used all the other as brand of paint I ever used. It is superior to all others in gloss, paqueness, durability and its wonderful ording ties, (can use three pints of raw oil to every gallon to make it this enough for second coating), makes it the cheapest on the market.
