Detroit White Lead Works:—

BRMINGHAM, Mich., April 10, 1872.

Gentlemen—Nineteen years ago I painted my house with Detroit White Lead Works Best L quid Paints. I have been overhauling ny house this spring and found the paint hard and in grod condition. Chalk off? Well, I guess not. When the tunner tried to scrape off this 19-year-old paint there was considerable profamity in the vicinity because it spoiled his too's trying to scrape off the hard paint before he could solder the new into the old. The paint stood hard as the metal on an exposed tin root for 18 years. This paint was put on by Wes Paint in October and November, 1883. Researchy.
