IN COLONIAL SYTLE

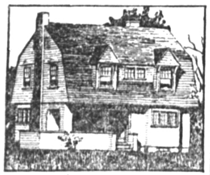
PLANS FOR NEAT AND COMFORTABLE HOME.

Only One Story in Height, but Economical Arrangement of Space Gives Effect of Roominess—Large Attic an Attractive Feature.

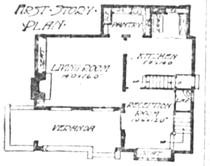
Finished suitably can be put up for $1,500. While the dimensions are restricted, there is such an economical utilization of the interior spaces that the effect of roominess is attained.

The style is Colonial, one story, with a gambrel roof. The roof and sides are shingled, those on the roof being left to weather finish, and those in the gables and on the sides being stained a dark brown.

The front door opens into a large hall, which may be used as a reception room. At one end of the room is a window seat, and under the stairs there is a well-lighted coat closet or lavatory. There is an eight inch base at the floor and a wood cornice at the ceiling. The stairs are Colonial in design, with turned newel post and balusters. The one large living room has many advantages over the two small ones that are usually found in a house of this size. The kitchen and pantry open from the end of the room that is used as a dining room. The other end has a fireplace, with a mantel of Colonial design, a built-in bookcase and a comfortable window seat. At the side of the room next to the veranda there are two windows extending to the floor which open to the veranda. This room has a paneled wainscot about four feet six inches high and a wood cornice at the ceiling.

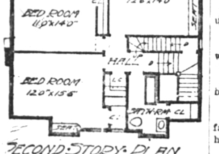


The woodwork of the reception hall and living room is painted ivory white and the floors are soft green. The walls and ceiling of the reception hall are left a rough sand finish and kalsomined a gold color. The walls of the living room are covered with cream colored cartridge paper. The pantry contains dressers, closets, sink, ice chest, etc. The kitchen is fitted up in the usual way, with range, sink, kettle closet, etc. It is arranged in such a manner that the alcove containing the sink and the range may be screened off and the remaining space used as a small dining room. The stairs leading from the kitchen to the second landing of the main stairs are especially convenient, making it possible for those working in the kitchen to get to the attic without passing through the hall. The stairway to the cellar opens out of this room. There is a wainscot of matched and beaded boards about five feet high around the room. The wall above the wainscot is covered with a washable paper.



The second story has three well lighted and well ventilated bedrooms, with an ample amount of closet space for each, a linen closet and a bathroom which also has a large closet. The bathroom has a wainscot five feet high of cement marked off and enameled to represent tiles.

There is a stairway leading from the second story hall to the attic. The attic has provisions for a large room, which may be finished at a slight cost, and also a large space for storage. The cellar will have provisions for laundry, coal bins, vegetable closet and furnace.—I. S Beardsley in New York Herald.



Black Mortar.

The usual amount of lamp black used to color mortar is one pound of lamp black to one sack of cement and three parts sand. After the mortar is made, sift a half bushel of dry sand through a fine meal sieve; the sand must be perfectly dry; if it is not dry it will not cut or mix with the lamp black, but leave it in small dry particles, and when using the mortar it will leave it with small black spots. Spread the dry sand and lamp black over the mortar and mix them together. By taking a brick or stone and dripping them in the mortar and letting them dry you can arrive at the color you wish, for the less lamp black used the lighter the color.

To Keep Roof From Leaking.

In building, the shingles should be dipped in paint before being laid, for in painting a roof after the shingles are laid the paint forms a ridge at the butts of shingles and causes them to decay underneath. It would cost very little more to put on a new roof when it begins to leak than to go to the expense of putting on a tar and gravel roof over the old shingles, and then you would not have as good a job unless the roof is very flat.

Wonderful Bargains in

POINTED PARAGRAPHS.

The rudder of a yacht is a stern reality.

A railway time table—Twenty minutes for dinner.

It must have been a fallen angel who invented angel cake.

No young man ever considers his best girl too good to be true.

A suburban servant is known by the family she condescends to let live with her.

When squashes get into the pie class they are considered some pumpkins.

When society turns out to see the horse show the horse hasn't much show.

While the fool takes things as they come the wise guy goes after what he wants.

Some husbands believe that beauty inexpensively adorned is adorned sufficiently.

Some men are never homesick except when they are at home.

Statesmen work for future generations; politicians for future elections.

A cynic is a man who admits there are worse men on earth than himself.

Confessions of a Priest.

Rev. Jno. S. Cox, of Wake, Ark., writes, "For 12 years I suffered from Yellow Jaundice. I consulted a number of physicians and tried all sorts of medicines, but got no relief. Then I began the use of Electric Bitters and feel that I am now cured of a disease that had me in its grasp for 12 years." If you want a reliable medicine for Liver and Kidney trouble, stomach disorder or general debility, get Electric Bitters. It's guaranteed by Whitehead & Mitchell and Cobb & Cobb. Only 50c.

HOUSEHOLD RECIPES

Delicate Cake—Put one cupful of sugar in a large bowl, add to it half a cupful of butter and two unbeaten eggs; beat these together until frothy, then add half a cup of milk and one and a half cupfuls of flour, alternating the flour and milk; beat until smooth; add two teaspoonfuls of baking powder and one teaspoonful of vanilla extract; turn into a shallow buttered pan and bake in a moderate oven twenty minutes; when the cake has been in the oven five minutes sprinkle it with powdered sugar; cover the cake with a paper for five minutes; remove the paper and finish baking.

Preserved Plums—Choose large, ripe blue or yellow plums, weigh and throw them into a kettle of boiling water. Let them stand for a few moments, then skim out carefully and spread on large dishes. Remove the skins immediately and stand aside till needed. For each pound of the plums allow two-thirds of a pound of sugar and for each six pounds allow one quart of water. Put the sugar and the water into a preserving kettle, stir until dissolved, and then boil steadily for five minutes. Remove the plums with a skimmer without breaking, and pack them into glass jars. Boil the syrup for five minutes longer, then strain it over the plums, filling each jar brimful. Cover tightly and store in a cool place.

Peach Sponge—Put two cupfuls of granulated sugar in a small pan; add one cupful of boiling water; remove the scum as it rises; peel one pound of peaches, cut them in halves, remove the pits; slice the peaches one-third of an inch thick; put them into the boiling syrup and cook until tender; put half a box of gelatine in a bowl; add to it half a cup of cold water; let soak until the peaches are tender, then stir it into the syrup; rub through a strainer; beat the whites of eggs to a stiff froth; when the peach mixture is cold beat the whites into it; continue until it thickens, then turn it into a bowl and put on ice; when ready to serve turn the mould on a platter and serve with vanilla custard or with thin cream.

It is not often a druggist sells a remedy with the positive guarantee it will cure, but unless PEPSIKOLA does cure you of nervousness, dizzy spells, sour stomach, coated tongue, palpitation, biliousness, headaches, and other symptoms of dyspepsia, Whitehead & Mitchell will hand you back your money cheerfully and without argument.

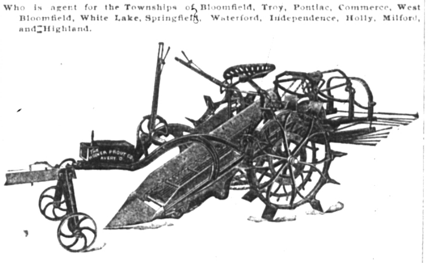
Hoover Potato Digger and Sorter

SOLD ONLY BY

W. I. McCLELLAND, Birmingham, Mich.

Who is agent for the Townships of Bloomfield, Troy, Pontiac, Commerce, West Bloomfield, White Lake, Springfield, Waterford, Independence, Holly, Milford, and Highland.



THE HOOVER PROUT CO. AVERY O.

"The only" good sure Digger manufactured. We guarantee it to do all that is claimed. The Hoover Digger is the only one that separates successfully the vines from the potatoes and other foul matter, the potatoes being delivered behind the machine in a narrow row on clean ground, while the vines are carried to the left side, the upper set of rods doing this work with the aid of constantly moving forks. Growers should give this improvement great weight when buying a digger. If you want a machine that will run everything, grass vines, weeds and potatoes over together, like straw over the straw carrier, don't get the Hoover.

Who is Next?

To introduce the best Tooth Powder ever put up, we will next

Saturday Afternoon from 1 to 6

o'clock, or until the supply is exhausted, give

25 CENTS 25

....MITOPO....

is the first two letters of Mitchell's Tooth Powder and is the best tooth powder on earth. This powder is the combined result of the knowledge and experience of a druggist and a dentist of 30 years active business life, the druggist with his knowledge of the active principles of the ingredients that compose this excellent preparation; the dentist, an experienced operator of over 30 years, familiar by practice with the needs of the teeth.

Use this powder once or twice a day, it will thoroughly cleanse the teeth, remove all discolorations and prevent the formation of tartar.

The discoverers of the powder having been in the business for many years and seeing the need of a good and reliable preparation for the teeth determined to excel them all and both the manufacturers feel that they have accomplished their aim. Nothing but the BEST and PUREST MATERIALS are used and the best men in the dental profession confidentially recommend this powder to their patrons as perfectly safe and reliable.

A Wonderful Invention.

It is interesting to note that fortunes are frequently made by the invention of articles of minor importance. Many of the most popular devices are those designed to benefit the people and meet the popular conditions, and one of the most interesting of these that has ever been invented is the Dr. White Electric Comb, patented Jan. 1, 1899. These wonderful combs positively cures dandruff, hair falling out, sick and nervous headaches, and when used in connection with Dr. White's Electric Hair Brush are positively guaranteed to make straight hair curl in 25 days' time. Thousands of these electric combs have been sold in the various cities of the Union, and the demand is constantly increasing. Our agents are rapidly becoming rich selling these combs. They positively sell on sight. Send for sample. Men's size 35c, ladies' 30c—half price while we are introducing them. See "want column" of this paper. The Dr. White Electric Comb Co., Decatur, Ill. April 10 tf

"These lilliputian temptations—they remind us that the threads which kept Gulliver down were very small threads, but there were so many of them!"

BLOOD DISEASES CURED

If you ever had any Blood or Skin Diseases, you are never safe until the virus or poison has been eradicated from the system. Don't be satisfied with a "patch up" by some family doctor. Our **New Method is Guaranteed to Cure or No Pay.** ☞ **No Names Used without Written Consent.**

Cured When all Else Failed.

"Could I live my early life over, this testimonial would not be necessary, though I was no more sinful than thousands of other young men. Indiscretions, excesses and mental worry all helped to break down my system. When I commenced to realize my condition I was almost frantic. Doctor after doctor treated me but only gave me relief—not a cure. Hot Springs helped me, but did not cure me. The symptons always returned. Mercury and Potash drove the poison into my system instead of driving it out. I bless the day your New Method Treatment was recommended to me. I investigated who you were first, and finding you had over 25 years' experience and responsibile, financially. I gave you my case under a guarantee. You cured me permanently, and in six years there has not been a sore, pain, ulcer or any other symptom of the disease." M. A. CONLEY.

Established 25 Years.

We treat and cure **Varicocele, Blood Poisons, Skin Diseases, Nervous Debility, Stricture, Physical Weakness, Kidney and Bladder Diseases.**

Consultation Free. Question Blank for Home Treatment and Books Free.
