My daughter had a terrible case of asthma. We tried almost everything, without any result. Then I bought Ayer's Cherry Pectoral, and three bottles cured her. Emma Jane Entwistle, Lancaster, Pa.

SOME NEW FACTS ABOUT APPENDICITIS

Why None Need Fear if Careful.

Medical records indicate that nearly one-third of all surgical operations are for appendicitis, and the approximate figure is that eighty per cent. could have been avoided altogether.

The theory about grapes and other seeds has been discarded, and any good doctor will tell you nowadays that constipation causes appendicitis almost without exception.

The opening into the appendix is no larger than the head of a pin, and the food that has been digested enters, inflammation ensues, and there is site to be troubled.

Constipation and appendicitis are related with Laxatives.

"Constipation: Its Cause and Cure," a little treatise worth golden dollars, is wrapped around every 25-cent 4-cube bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Thousands Have Kidney Trouble and Don't Know It.

How to Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours. A white sediment or settling indicates an ailment of the kidneys. It is a condition of the kidneys which is called Gravel. If it is not cured it will pass it on to the bladder and the back is soon aching. It is a sure sign of kidney trouble. If you are troubled with kidney trouble, get a bottle of Chamberlain's Kidney and Bladder Remedy. It is a sure cure. It is a sure cure. It is a sure cure.

Proper Dance Frocks.

Very finely accented-plaited frocks are de rigueur for dances, and the skirts, with their lace and the delicate ribbon, are both light and delightful. The dress is a fine crystalline frock for a young girl had both bodice and skirt finely plaited. Round the hem were medallions of cream. Broom hair applied outlined with black velvet leaves. The accented-plaited bodice was inserted with arranging applique leaves on the face and a deep border of the same fell over the shoulders.
