## Threatened With Loss of Hearing, Smell and Sight From the Ravages of Catarrh.

Pe-ri-na Cured Him.

"I Feel Like a Young Man Again."

Mr. J. W. Fuller.

A GREAT many remedies to temporarily relieve catarrh have been devised from time to time, such as sprays, creams, ointments and other local applications, but, as a rule, the medical profession has little or no enthusiasm in the treatment of catarrh.

It is generally pronounced by them to be incurable.

It therefore created a great sensation in medical circles when Dr. Hartman announced that he had devised a compound which would cure catarrh permanently.

The remedy was named *Perina* and in a short time became known to thousands of catarrh sufferers north, south, east and west. Letters testifying to the fact that *Perina* is a radical cure for catarrh began to pour in from all directions.

Thousands of such letters are on file in the office of The *Perina* Medicine Co., Rev. E. Stuenkel, Peila, Wis., writers of which are obliged to extend my personal thanks for my complete restoration. All through the winter I suffered from throat and lung trouble, but recovered my entire health by the use of your excellent remedy, *Perina*.

The following letter from a prominent gentleman of Los Angeles, is a case in point.

Mr. J. W. Fuller, President of the Jewellers' Association of Los Angeles, Cal., has been in business in that city for seven or ten years out of the forty-five that he has been engaged in business. Concerning his experience with *Perina* he says:

"I was troubled with catarrh of the head for many years. It affected my sense of smell, hearing & sight. I spent lots of money with doctors and the use of local applications to relieve me, but to no purpose, until my attention was called to the wonderful effects of *Perina*.

"I must say that I met with most surprising and satisfactory results. *Perina* took hold of the complaint and drove it entirely out of my system. Although well along toward the allotted 'pan' I'm still as pleased as a child over the results, and feel like a young man again." J. W. Fuller.

Such letters as the above are not used for publication except by the written permission of the writer.

A pamphlet filled with such letters will be sent to any address free. This book should be read by all who doubt the curability of catarrh.

If you do not receive prompt and satisfactory results from the use of *Perina* full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

# How Deacon Unwittingly Amused the Congregation.

Deacon Fred of Hartford, Conn., was well known as being provided with an enormous handle to his countenance in the shape of a huge nose. He was present at the church on a Sunday morning, and was asked to possess of a sudden and uncontrollable desire to laugh. The deacon did not know what to make of it. He had often passed it across before, but no such effects had been witnessed. The secret, however, leaked out. He had been afflicted a day or two with a sore on his nasal appendage, and had placed a small sticking plaster over it.

During the morning of the day in question the plaster had dropped off, and the deacon, seeing it, as he supposed, lying on the floor, picked it up and stuck it on again. It was then he picked up instead of one of the pieces of paper which the manufacturers of spool cotton paste on the end of every spool, and with that read, "Wanted 200 yards."

Another Tale of Mary's Lamb. The literary inquest over Mary and her little lamb recalls the vivid poem or rather variant of it, said to have been written by the poet laureate of Boston, by Andrew Carnegie. Whether the verse was thrown off in the interval of donating acres of books to the poor, or was intended for a poem, cannot say. The lines are striking and to a native of the smoky city are fraught with tender, yet sooty, memories.

Here they are: Mary had a little lamb, Its fleece was white as snow; It followed her to Pittsburgh— And now looks a New York Sun.

He Went West and Prospered. Freedland, Kan., March 9th.—One of the most prosperous farmers in Harper County is Mr. N. H. Mead. Some thirty-four years ago he left his home near Clarence, N. Y., and came to Kansas. Here he has thrived splendidly, and last year harvested over one hundred and forty acres of wheat alone. But everything has not gone well with Mr. Mead, for his health has not been good for the last few years. He has suffered a great deal of kidney and bladder trouble and could get nothing to stop it. Lately, however, he has improved a great deal, and he says that he has had no other symptoms left and is feeling splendid again. He used Dodd's Kidney Pills, and this remedy seemed to work wonderfully in his case. He says: "Dodd's Kidney Pills have made me well. They are all right and a reliable remedy for kidney trouble. They helped me right from the start, giving me great relief, and finally cured me."
