ONE DOLLAR PER YEAR IN ADVANCE
WHITEHEAD & MITCHELL, PUBLISHERS

BIRMINGHAM, FRIDAY, APRIL 17.

To Our Friends.

When trading with any of our advertisers in Birmingham, Pontiac or Detroit, will be the greatest favor to us if you will mention the fact that you noticed their advertisement in our paper. A word from you at the time of trading will mean nothing and benefits us greatly. Will you be good and do so?

THE BIRMINGHAM ECCENTRIC.

HOME NOTES

See stray hog notice in want column.

Two good houses for rent. See want column.

The Pontiac county is democratic by a majority of four.

Mrs. John Hanna now assists her husband in the postoffice.

Mrs. Bruce Mattison entertained Pontiac relatives recently.

Guy Blair has gone to Ft. Wayne, Ind., where he plays ball this season.

Dan McGaffey and wife, of Oxford, visited their relatives here lately.

"I told you" was what he heard all day after the court-house hearing was carried.

Girls wanted for kitchen work. Good wages. Inquire at National Hotel, Birmingham, Mich.

Ben F. Davidson of Highland has voted for 65 years without a miss. Pretty good record.

Dick Erwin captured a wild goose in his barnyard the other day, and Dick says his goosepish is a trained scrapper.

Wedding bells are chiming at Royal Oak. James Clinton and Miss Josie Denney will join hands on April 21.

Those large maple trees recently removed from in front of Mrs. Utter's house will be replaced by smaller ones. Good idea.

Everybody is floating. Plenty of rain this spring causes a big kick for better drainage from cellar owners who are wet.

Wanted, by a single man, board on a good farm, near stream of electric road, with small, quiet family. B. Box 216 Birmingham 3.

The Greenwood Cemetery Association will hold an adjourned meeting at Library Hall next Saturday at the regular hour. All are invited. By order of Committee.

To rent—The Sawyer residence in this place. Everything convenient. Inquire of Mollie Smith or Mrs. Webb Brady.

Doc Baldock, our veterinary surgeon, took into himself a bonnie bride in the person of Miss Maude Leet one evening last week. Congratulations are in order.

The Adolph Enggass Jewelry Co. of Detroit is having a great sale of Rogers silverware, and all you pay attention to the fact in their new ad of this week. Just read their prices.

When the Baptist people do anything they do it right. The next on the program is a concert by the Y. M. C. A. glee club. They should be heard to be appreciated. April 24 is the date.

Two young men and mother wish to secure board by May 1, on a farm near Birmingham, for the summer. Must be on the electric line. Address 173, Park street, Detroit, Mich.

Anyone having a county atlas of Oakland county for sale, can find a purchaser by inquiring at Whitehead & Mitchell's—if the price is not above the stars.

So enormous is the volume of business in this country that it is a leading railroad that one of the months of this year being obliged to refuse traffic aggregating \$5,000,000 because of its inability to handle it.

The Methodist Episcopal church people gave a fine Easter service at their Sunday evening meeting. The program consisted of songs, recitations, etc., that interested a full house. The church was profusely decorated with flowers, etc., and all were happy.

Bank-wrecker Andrews has been retired from hard work at the Jackson prison. He now has the run of the hospital wards and the prison yards. If he had guiled some innocent farmer out of a couple hundred we would be wearing a ball and chain and be operating a sledge on the stone pile.

The Y. M. C. A. Glee Club, of Detroit, will give an entertainment at the Baptist church, Friday evening, April 24. The club of 30 members and a reader come highly recommended. This being their second appearance in Birmingham, only a limited number of tickets will be sold. Tickets can be obtained from members of the Aid Society.

Not long ago a Troy young lady refused to marry an anxious lover and a most devoted one, until he had amassed a fortune of \$10,000. He accepted and started in to win. Three months later she met the young man and slyly found out that he had saved up \$18.27. She blushed and looked down at the toes of her walking boots and stabbed the inflexible earth with the point of her parasol. "I guess," she said faintly—"I guess, Charley that's about near enough."

State Treasurer McCoy says that heretofore no state peddlers' licenses will be issued for less than six months. The treasurer has no idea that peddlers have taken out state licenses for one month and have done business under them indefinitely. He proposes to get after the peddlers, as he believes that a large number are doing business without the payment of any license fee.

The Taylor-Woolfenden Co. of Detroit are represented in our advertising columns this week. This firm is noted for promptness and accuracy in its mail-order department, and they tell you a few facts in their announcement. Send for your samples if you are too far away to make them a personal visit. They have anything you want in the dry goods line.

During the late illness of his grandmother, Johnnie Buell stated with his two little cousins at night. They thoughtlessly left a lighted lamp on the bedpost and went to bed. The lamp fell over and there were two scared little girls and a burned carpet. There would have been a burned building but for Johnnie shoving the bed back and hastily smothering the flames, a thing many other than the boy would not have thought of doing. The lad is only fourteen years of age and we think his presence of mind quite remarkable.

The family of Arthur Blakeslee are just more than busy saying "Good Bye" to their many friends before leaving for their new home at Rochester, Mich. The Lady Maccabee gave Mrs. Blakeslee a surprise farewell party last week Tuesday night, while the young friends of Miss Ebel gave a farewell reception to her at the home of Mrs. David Roy, at which time a fine luncheon was served, and a jolly time enjoyed by all, and last but not least, Art himself was joyfully surprised by a visit from the members of the Order of the Grand Razzle Dezzlers who gave this member a most royal greeting and a Good Bye that he will long remember.

In the spring the groaning husband eats his victuals in the barn, for his wife must clean the mansion, and she doesn't care a darn; and the yard is full of sheets and he has to live on sauerkraut, cistern water and sliced beans. Oh! a woman's in her glory when she tears things all apart, piling beds and chairs and pillows in a way to break your heart.

And at eight the groaning husband has to sleep upon the porch, and he feels so clean disgusted that he can't enjoy his torch. When the blamed old cleaning's over then the wife is taken ill, and it keeps the husband busted busted buying dope and drug and pill, and the mansion is no cleaner than it was when he began, but she'd stay him if he said so—and he is a prudent man.

If any one in Birmingham answers correctly Mitchell will shake hands with them.

A Wonderful Invention.
It is interesting to note that fortunes are frequently made by the invention of articles of minor importance. Many of the most popular devices are those designed to benefit the people and meet the popular conditions, and one of the most interesting of the ones that has been invented is the Dr. White Electric Comb, patented Jan. 1, 1900. These wonderful combs positively cure dandruff, hair falling out, slick and nervous headaches, and when used in connection with Dr. White's Electric Hair Brush are positively guaranteed to make straight hair curl in 25 days' time. Those sticks of these electric combs have been sold in the various cities of the Union, and the demand is constantly increasing. Our agents are rapidly increasing by selling these combs. They positively sell on sight. Send for sample. Men's size 30c, ladies' 35c—half price while we are introducing them. See our column of this paper. The Dr. White Electric Comb Co., Decatur, Ill. April 10 to 15.

How to Ward Off an Attack of Rheumatism.
"For years when spring time came on and I went into gardening, I was sure to have an attack of rheumatism and every attack was more severe than the preceding one." says John McDonald, of Madison County, West Va. "I tried every remedy with no relief whatever, until I procured a bottle of Chamberlain's Pain Balm, and the first application gave me ease, and before the first bottle was used, felt like a new person. Now I feel that I am cured, but I always keep a bottle of Chamberlain's Pain Balm in the house, and when I feel any symptoms of a return I can drive the rheumatism with one or two applications of this liniment."
For sale by Whitehead & Mitchell.

To Bore for Coal.
"Colemanites propose to be independent of the coal trust if it is possible. They think that the coal underlying the land in that vicinity and this summer will put down test holes to see if they are right."
Nothing Like Experience.
"One truth learned by actual experience does more good than ten experiences one learns about." "Tol me that Chamberlain's Cholera, Cholera and Diarrhoea Remedy will cure cholera morbus, and he will surely forget it before the end of the day. Let him have a severe attack of that disease, feel that he is about to die, use this remedy, and learn from his own experience how quickly it gives relief, and he will remember it all his life."
For sale by Whitehead & Mitchell.
