A number is a unit. "Quite ber" means any old thing-p "a whole lot."

The sign of addition is usually called plus. It is also expressed by the doctor's visits.

Mathematics is that science which teaches us how not to let others de us as we would do them.

Things equal to the same thing are equal to one another, but there are some things few of us feel equal to. In the expression "two beers," "two" is called the coefficient of "beers," but it isn't efficient for the co.

The radical sign indicates that a root is to be extracted. When the dentist tackles the correct tooth, it is the square root.
