

contration shows, however, some-of the possibilities. The curi-separated halves with the lace of skin between have all been from the same orange, and the efform the same orange, and ect was produced by cleverly he skin without separating the New York Herald.

Forty Year Clock.

A fowdle, calculating that he would in all probability 1 ye about forty sears, and curing that the would sears, and curing that the search colors, and the search colors, allowing two minutes are not any for the task—decided that he would make a clock which, would need winding but once during that period. He proper his odd minutes at the task, and has succeeded in producing a clock which is the only one of its kind in the world.

This forty year timestees in fitness.

which is the only one of its kind in world.

# GREAT ANNUAL PRE-INVENTORY SALE

We are making ready for our Annual Inventory. Settling up day is February 1st. What a world of work there is to be done. Think of counting, measuring and writing down everything in the way of merchandise this store holds.

But the Pre-Inventory Sale helps: There's thousands of dollars worth of goods that we'll never have to record. We're going to sell them.

The low price that we have put upon the remaining Winter Stock--half less than half and never more than cost, is sufficient to make \$1.00 do the work of \$2.00 and \$8.00 travels as far as \$12.00 or \$15.00.

Outside the staple lines that you demand both su mmer and winter, you may depend upon get ing every-thing else from a thire and a half less than the early season's price.

And even some of the staple lines have been cut, Many CARPETS, LACES, SILKS, etc., can be bought until February 1 at prices unheard of, except in a Pre-Inventory Sale.

Our Price Lists are out. Read them Carefully.
