The Tietmans also are beginning to feel the pressure of the dark man's burden.

Trise a woman for the qualities of a good housewife and she'll worship you—Chicago News.

Radium will not cure cancer. Now that the excitement has died down, what is radium good for?

The Russians in Manchuria are on short rations. War antibiotics are an empty stomach may be refuted.

Six people committed suicide in New York in one day. Evidently the outgoing trains were badly crowded.

Radium rays, it has been discovered, do not cure everything. Something had to be left for the N-rays to cure.

It is nearly time for Brander Matthews to come out in defense of "Hamlet" as a good and proper English word.

Canada consumed 200,000,000 cigarettes last year. This sounds bad until you read how many the United States consumed.

First it was the "X" ray, now it is the "N" ray. If science keeps busy we may have the whole alphabet represented by rays.

The Korean navy is made up of twenty-five admirals and one coal barge. All the materials here for the regulation revolution.

The mountain in Maine that sank into the earth the other day will be succeeded, doubtless, by a lake with an unpronounceable name.

The British exploring ship Discovery is on her way back from the Antarctic. As polar expeditions go this is regarded as success.

Shoe polish killed a man in Toledo who had been dancing for several years. Some will be mean enough to say that he died of brain fever.

And now it is an Ohio man who has been brought back to life by the administration of adrenal chloride. It is still safer not to die, however.

Human bones are rewarded with crosses at St. George. No doubt the crosses are lovely, but new suspects would probably come in handier.

The touching poem about Mary and her lamb was written in 1820. At the rate of one per diem for 74 years, how many parodies upon it have been written?

Friends of Hetty Green are worried because she has left Hokea. It would have taken it by her they would have considered her action more rational.

A correspondent of the New York Sun wants to know what a man should wear Sunday nights. Does this mean that sometimes wear an air of pious resignation.

Prof. Mosso, the eminent scientist, says that the more enfeebled people's nerves are, the longer they live. We found the professor hasn't much of a chance for long life.

The Alabama, it seems, has beaten the marksmen record that established by the Kearsage. That is, it can hit the guns in the U. S. navy certainly how to shoot.

So some of us are justified at last. Herbert Spencer's autobiography says: "After reading six books of the Bible I felt that I had read a large sum than read to the end."

The reverend brethren are arguing the question as to whether man is saved by faith or works. To the theologically unformed layman, it is either a little of both or to be desired.

An eastern woman is going around with a lot of money. It is said that she fortunately she doesn't suggest methods of acquiring rolls big enough to enable the owners to purchase every thing in sight.

A patroness (N. J.) woman makes a divorcee and her husband smokes cigars. He might admit matters by cutting down the allowance enough to make it possible to provide him self with cigars.

A Boston man has been sentenced to twenty years in prison for stealing \$200,000. This is discouraging. The world hardly has given him more than that if he had taken a barrel of flour or a sack of clothes.

Some men are painfully sensitive. A New York gentleman has just changed his name, by permission of the supreme court, to "W. M. Malden," because people frequently addressed him as "Doggus."

The discovery that it cost the Japs only \$100,000 to bombard Vladivostok for an hour will likely make bombardment a popular pastime for some of our society people for seeking a cheap form of entertainment for the hour of the summer.

School boys of Findlay, Ohio, imitating the older savages who collected and caused the death of a 9-year-old boy by having, and the lad's mother is dying from shock and grief. Honestly, now, is it worth this just to be barbarously funny?

Out of eighty students of Johns Hopkins university examine as to their knowledge of the Bible only one could identify a quotation. It was interesting to know how intelligently these students read the classic—Milton, for example.

The ice embargo. The reports of the ice condition from the regular and display stations of the Great Lakes are of a most serious nature. The ice is breaking up, but it will probably be considerable weather and trials to open the straits before the 25th, and it is more probable, they will not open before May 1.

60,000 fire in Arto. A disastrous fire of spectacular and sensational features occurred at the plant of the Cadillac Automobile Co. at Arto, Mich., on the night of Detroit, shortly after 8 o'clock Wednesday morning. The employees had just fairly begun their duties of the day when the alarm of fire was raised. Instantly the windows of the three-story structure were filled with frightened humanity, and as the flames shot out from the center of the roof, and on the east side from the employees, who made their escape as they could, many leaping through the windows or jumping from the roof or third story to the ground. Only one man, Martin Gorman, foreman of the first shift, was killed. He was 42 years old, while two men and one girl were hurt by falls.

To Test the Law. For some time the residents of Sempronius, Mich., have been in a state of turmoil over the consolidation of several of the school districts of the township. The school board of the township, after several sessions, has failed to reach a decision, and the refusal of some of the old officers of these several districts to resign their offices has led to the consolidation of the schools. The case was carried into the circuit court and the old officers were ousted. Then the township board of directors took the case to the supreme court to test the law, and the higher court sustained the action of the township board. The case will be appealed to the United States supreme court.

McGarry Goes to Jail. Four years in the state reformatory at Marquette is the sentence of a man who was found guilty of the murder of a man at Grand Rapids. It is nearly two years ago since McGarry was convicted. He was a resident of Allegan, where the case had been removed on a charge of venue. McGarry had never since that time appeared in court. The supreme court has affirmed the conviction, and McGarry is now in jail.

Michigan Banks. The controller of the treasury has made public a list of reports of the condition of the national banks in Michigan for the month of March, 22. It shows that the total assets of the banks in the state are \$75,184,780 and disbursements \$75,184,780. The total deposits are \$75,184,780. The total assets are \$75,184,780. The total disbursements are \$75,184,780. The total deposits are \$75,184,780.

By Hyster Killers. Eddie, the 11-year-old son of Joseph Piette, of East Bay, while hunting Sunday, jumped from a brush heap to a hillside, mistaking it for a cave. The gun slipped in the snow, the edge of the brush arched the trigger and the shot passed through the child's chest, entered his jaw, going nearly through his head. It was the first time Piette had ever carried a gun. Two companions were several rods away when the accident occurred. The lad was dead when they found him.

Good Heist. The Michigan building and exposition grounds is said to be a credit to the state. A gentleman says it is "For the first time in the history of the state, the grounds are better than any other state, and, though some of them cost \$100,000, they are worth every cent of it. It is now nearly completed, and will be ready for the opening of the exposition in the fall. It will be a credit to the state and a pleasure to the people."

Surprises. Surprises are said to be in store for the citizens of Detroit. Two special examiners from the office of the state tax commission are expected to arrive in the city to look for personal property that does not appear on the assessment rolls. It is expected that they will find a surprisingly large amount of this and the sum is placed at between \$250,000 and \$300,000.

The Corn Spoil. The farmers of this county will be short of corn this year. On the larger farms it was impossible to get the corn in, and on the smaller farms the corn was lost. The corn is now in the hands of the farmers, and they are trying to get it out of the hands of the speculators. The corn is now in the hands of the farmers, and they are trying to get it out of the hands of the speculators.

Charge of Murder. Chester E. Mitchell, charged with attempted criminal assault on a girl 15 years of age, has been charged by the grand jury with the charge of murder. Mitchell is now in jail, and his case will be tried out of a docket of 12.

Archie McPeeters is suing the Detroit United Railway for \$2,000 for injury to his horse. He was riding on the train in October, 1922, when his horse was killed. The railway is denying the charge, and the case will be tried out of a docket of 12.

Asa George Malard, of Alexandria, Egypt, is in battle Creek, taking steps to acquire a delivery wagon. He is the importing firm of Steneman, Malard & Co., and also the Egyptian contractor for the construction of the locks on the Red Sea. He is now in the hands of the speculators.
