

# A CURE FOR CATARRH OF THE URINARY TRACT

## PERUNA

### PERUNA IS A CATHARTIC TONIC

Especially Adapted to the Declining Powers of Old Age.

In old age the mucous membrane becomes thickened and partly loses its vitality and its power of absorbing nutriment. This leads to partial loss of hearing, loss of taste, as well as digestive disturbances.

Peruna corrects all this by its specific application to all the mucous membranes of the body. One bottle will convince anyone. One used and Peruna becomes a life-long standby with old and young.

Dr. J. C. Hartman, President of the Hartman Sanitarium, Columbus, Ohio.

cannot speak too highly of Peruna, and now when 88 years old can say it has invigorated my whole system. I cannot but think, dear Doctor, that you must feel very thankful to the all-loving Father that you have been permitted to live, and by your skill as a physician.

**Peruna**  
Strong and vigorous at the Age of Eighty-eight.

The Spring is the best time to treat catarrh. Nature renews herself every spring. The system is rejuvenated by spring weather. This renders medicines more effective. A short course of Peruna, assisted by the balmy air of spring, will cure old, stubborn cases of catarrh that have resisted treatment for years. Everybody should have a copy of Dr. Hartman's latest book on catarrh. Address: The Peruna Medicine Co., Columbus, Ohio.

he ready to take the horses if I tell you."

"Yes, sir," replied the boy solemnly, raising a gloved hand to his hat. Under a strong current the horses followed the Bishop vehicle.

Delighted to return to the country, Jessie Carden little suspected that her arrival had so aroused the bias of the banker Morrison's son. It was a long drive, but at last Arthur Morrison saw the place he had longed for.

The old bridge spanning the creek he met a young man in a light road wagon. Morris halted his team, and signaled the driver with a wave of his hand.

"I say, who lives in the big house on the south, on this side of the road?"

"That's the place," replied John Burt. "Thanks," said Arthur Morrison with a short bow. "Any daughters?"

"Yes, sir," replied John Burt. "I have a daughter, and she is a beauty. I'll be glad to show her to you."

"Mr. Bishop has no daughter," said John Burt. "I'll be glad to show her to you."

"That's the place," replied John Burt. "Thanks," said Arthur Morrison with a short bow. "Any daughters?"

# JOHN BURT

BY FREDERICK THOMAS ADAMS

CHAPTER SIX—Continued.

"Isn't it good to see an American?" asked Jessie, as her hand stole into John's. "Just then a full-fledged ship, making for Boston Harbor, spread her sails and stood out to sea."

"What's that?" asked John. "That's the ship," replied Jessie. "It's a full-fledged ship, making for Boston Harbor, spread her sails and stood out to sea."

"What's that?" asked John. "That's the ship," replied Jessie. "It's a full-fledged ship, making for Boston Harbor, spread her sails and stood out to sea."

Miss Haggood tells how she escaped an awful operation by using Lydia E. Pinkham's Vegetable Compound.

"DEAR MISS PINKHAM:—I suffered for four years with the doctors called Salpingitis (inflammation of the fallopian tubes and ovaries), which is a most distressing and painful ailment, affecting all the surrounding parts, undermining the constitution, and sapping the life forces. If you had seen me a year ago, before I began taking Lydia E. Pinkham's Vegetable Compound, and had noticed the swollen eyes, sallow complexion, and general emaciated condition, and compared that person with me as I am today, robust, hearty and well, you would not wonder that I feel thankful to you and your wonderful medicine, which restored me to new life and health in five months, and saved me from an awful operation. —Miss LUCY STAROON, 1025 Broadway St. Windsor, Ont.—25000 Part of original of same doctor proving genuineness cannot be produced.

Ovaritis or inflammation of the ovaries or fallopian tubes, which the ovaries may result from sudden stopping of the monthly flow, from inflammation of the uterus, and many other causes. The slightest indication of trouble with the ovaries, indicated by dull throbbing pain in the sides, accompanied by heat and shooting pains, should claim your most attentive attention. It will not cure itself, and a hospital operation, with all its terrors, may easily result from neglect.

Artificial eyes were first used by the Egyptians long before the Christian era. Mummies have been found with artificial eyes. They were fashioned of gold, silver, copper or ivory.

Foodstuffs and Billion Dollars Gray, one good for 14 tons gray and the other 10 tons gray. Both are sold everywhere, no does Victoria Gray, yielding 10 lbs. sheep and swine food per acre.
