JOINED IN WEDLOCK

Mr. F. Franklin Ward, of Columbia, N. J., and Miss Belle Smith, of this place.

The society event of the season took place last Wednesday evening, June 9, 1904, at the residence of Mr. and Mrs. William H. Smith, when Rev. W. S. Watson united in marriage Mr. F. Franklin Ward, of Columbia, New Jersey, and Miss Belle Smith, of this place.

Mr. Ward, the groom, is a hustling business man and has a large boat and office in Portland, N. J. He is a member of the Presbyterian church of Columbia, and is a faithful worker in religious circles and missionary work.

The bride is a very handsome and dainty affair of cream colored silk. The wedding service was very impressive, the ring service being used. The bride was the recipient of many valuable and useful presents, tokens of esteem from loving relatives and friends.

HYMENIAL.

A very pretty home wedding occurred at the residence of Mr. and Mrs. S. L. Robbins of Clawson, Wednesday evening, June 9, 1904, when their youngest daughter, Miss Grace A. Robbins, was united in marriage to Albert E. Stanley of Milford.

About thirty of the nearer relatives and friends were in attendance when Rev. A. B. Stetfield, pastor of the Big Beaver M. E. church, performed the ceremony at half past six o'clock, using the ring service. The bride was beautifully gowned in white and carried American Beauty roses.

The bride is one of the leaders in church and society work in the vicinity of her home, and especially in musical lines. She was for a short time a school teacher and later gave her attention to teaching music.

Mr. Stanley has been a Milford boy from his youth and is one of the deservedly popular and successful young business men of the town. Since going into the drug business some three years ago he has built up a nice trade.

The bride was the recipient of a fine array of presents. After their return Mr. and Mrs. Stanley will be at home with his mother, Mrs. Major, for a few weeks until he returns to his home in East street, which is being remodelled, in readiness for their occupancy.

We clip the above from the Milford Times, and we might our best wishes with those of a host of other friends of the young couple for smooth voyage over the matrimonial sea of life.

A CURE FOR "RUBBERING"

Did you ever take particular notice of the present style of women's skirts? You will see the average woman walking down the street with a handbag and a parasol on one hand while her skirts are gathered up with the other hand.

Notice. Mrs. Albert Adams will entertain the Ladies' Church Society of the Presbyterian church next Wednesday afternoon, May 15.

The man with the rent in his trousers--there are two kinds of rents--one necessarily either married or single. Or else single or married; it's a surprise--New York Telegraph.

SINGS HIS NATIVE SONG

Maori Chieftain Has Recited the Rags in London.

Here is a rather striking photograph of London's latest fad in the artistic way--the simon pure Maori chieftain, who, clad in the costume shown in the picture, is singing native songs of his own composition in fashionable drawing rooms in London, and is planning a descent on the United States later.

antigua, as the Maori calls himself.

Cat Caught a Chicken. A tabby cat owned by Gibson H. Jones, proprietor of The Washab House, Toledo, Ohio, has been the mother of a Plymouth Rock chicken.

Given His Preference. Senator Proctor has his own ideas about apprenticeship in government office.

Why anyone in Birmingham should continue to suffer in this way, and that they know from actual experience right in their own stores just what this famous little chocolate coated dyspepsia tablet will do, and if you make inquiry at these drug stores you will never know a remedy to prove so decidedly beneficial in the treatment of indigestion, dyspepsia, palpitation, sleeplessness and other forms of stomach trouble.

Atlantic City Excursion via Grand Trunk--Lehigh Valley

Goldfish's Foe of Mosquitoes. Prof. W. L. Underwood of the Massachusetts Institute of Technology reports that mosquito larvae are a favorite food for goldfish and that the introduction of goldfish into many small streams of New England where mosquitoes breed would be a preferable to the use of kerosene in destroying the pest.

Given Divorce Quickly. Thirty-six minutes after filing her petition a woman was granted a divorce in a Circuit court.

THEY FAVOR THE PLAN

Of Making Oakland County More Beautiful Than Ever by Removing Obnoxious Signs.

In response to requests made by the Town Improvement Committee of the Oakland County Federation of Women's Clubs, the following have been received. Now if every village in the county will pass and enforce a law against posting bills on trees and poles and each farmer insist on no trespass on lands and fences, old Oakland County will be as beautiful as already does in natural beauty and in wealth of agricultural products.

DEAR MADAM--Your favor of the 22nd instant is at hand and I have caused instructions to be given to the end desired.

DEAR MADAM--Yours of the 21st rec'd. We will be very glad to cooperate with you in beautifying Oakland county, and have issued orders to our men requesting them to remove all advertisements attached to our poles.

DEAR MADAM--Your favor of the 27th inst. we expect to start men over line between here and Pontiac next week and will instruct them to remove all advertisements from our poles.

THE CAPTAIN'S TALE.

An old sea captain, who wooed and won his wife in a very brief courtship, is wont to describe with deep-etched chuckles the plight from which he rescued her at their first meeting. It was in the early days of cinchona, and the girl, dressed in her best, had come down to the wharf to meet her father, also a captain, whose vessel had been sighted at the mouth of the river.

School Notes

Editor-in-Chief--CLARENCE WEST, Senior--BESSIE BRIGGS, '04. Junior--EMILY WILSON, '04. Sophomore--CLARENCE J. WEST, '08. Freshmen--ETHEL JOHNSON, '07.

Final examinations in all subjects next week Thursday and Friday.

English III is having a much needed grammar review in analysis and parsing. After two weeks of prose work the Clear class has resumed the study of the "Gaelic Wars."

The gun squad which participated in the Memorial Day exercises still continue practice. Good luck to the boys who are getting energy to stick it to.

The General History class is reviewing the year by tracing the history of each country from its beginning to the present time.

School now dismisses at 3:30. This is to give the pupils and teachers time to prepare for the closing exercises. More than 700 will participate that week.

The physical geography class has been divided into two sections, those who take it and those who do not. Having finished the book, Mr. Field excused those who standing was G and above. The remainder are reviewing the work.

The school year is almost finished. There are only two weeks more, one of which is the graduating exercises. The program for the last week is: Baccalaureate sermon, Sunday night, June 13, in St. James church. Promotion exercises Tuesday, June 21. Class day Wednesday, June 23. Commencement Thursday, June 24, 1904. The last three will be held in the Methodist church.

A much needed improvement has been completed about the school grounds. The earth drawn just outside the walks last fall has been leveled and seeded. All school grounds are now in good shape. The school grounds are kindly asked to refrain from so doing in the future and stick to the walks. Our janitor has a very nice lawn started on the north side of the building. We would suggest that the same proceedings be taken on the south side of the grounds.
