Of all the Memorial day decorations the National hotel made the best appearance. It was draped from end to end with bunting and the stars and stripes protruded from the windows. Truly the spirit of Andy is pa rotic.

The Reading Hustler asks: "If Ann is 24 years old and goes out into the orchard and eats a green apple and gets the colic, what is her telephone number?" and a contemporary replies, "You might try six's sixty, but the chances are that the line is busy."

The pole, fence and tree fiends have recently defaced some of our roads till they make one think of smallpox, scarlet fever, etc. If every farmer would tear down the fence along his street front this abominable practice might be stopped.

The Birmingham Dancing club gave a very pleasant party at Liberty Hall last Friday night. About 30 couple participated and it turned out to be one of the most pleasant parties of the entire season. Many from Pontiac, Flint and other places took part. The next party will be given some time in July.

Better test your seed corn before planting any great amount of it this year as much of it is poor. One farmer who planted 100 kernels as a trial found that only 6 out of the 100 sprouted. Others find that less than half their kernels grow. Plant a few kernels and you can tell all about it in a few days.

Rev. M. B. Maxwell has gone to Greeley, Colo., to return with Geo. Purdy, whose health has failed so that his friends are greatly alarmed for him. The family of Mr. Purdy has the sympathy of the entire community. We hope George's return may prove beneficial.

Echoes from Utica, Mich.: James Messmore, Ben Stead and Louis Stead have purchased a cement block machine and expect to go to work shortly making cement blocks for building purposes. Mr. Messmore will rebuild his new market with cement blocks and it is expected that others will follow suit.

An Itasca grocer, who is in the habit of feeding the sparrows in front of his place of business, threw one whole loaf of bread the other morning, but a man who was driving by saw the loaf and took it away from the birds with the remark: "It's good enough to take home to my mother-in-law."

When Mr. Millspaugh calls on you for elm timber, give him your best attention for he pays cash even if the timber is not needed for two years. He bought all of the elm on Will Castle's place last week at a good round price. If you have any elms that are not needed, better close them out when the buyer is on hand and wants the trees.

The Ladies' Aid of the M. E. church met with Mrs. Corey on Friday afternoon, June 5. Table committee: Mrs. Corey, sauce; Mrs. Camp, cake; Mrs. Field, cake; Mrs. Ford, cake; Mrs. Chatefield, biscuit; Mrs. Kerr, biscuit; Mrs. Lee, biscuit; Mrs. Smith, butter. Supper served from 5 to 8. All are invited. Ten cents pays the bill.

Neil Blumberg had a rare curiosity to look at the other day. It was a picture of his cousin, a young lad, and directly behind and a little above his head is the face of a beautiful girl. The plate was directed from the factory and never had been handled until it was put into the camera by the artist who made the picture. How the girl's picture got there is a mystery. Wish we had such a guardian angel.

Miss Anna Hulbert, who is a successful school teacher "way out west" at Manitou Springs, Colo., made her family in the Tabor house happy by the announcement that she had received the appointment of teacher of Latin in the high school at this place. This appointment proves the young ladies great worth as there were many applicants, both ladies and gentlemen, and many of them graduates of our best colleges.

Here's the boom. Here's the best thing that has happened to Birmingham in a long time to help it along in its growth. Wm. Parks has bought the entire Brownell addition just east of Woodward avenue consisting of fifteen lots, just the place for dwellings. He is going to sell them so cheap that they will soon be gone. In fact, two have already been taken, and if you want one you had better speak quick.

A story is going the rounds of the newspapers that women's knees are not adapted for many things that men's are. The idea given out is that the feminine knee is not strong. "That's all in your eye. You watch a man and a woman stand up before the parson, and while the young man's knees wobble like the cockpit of a steam engine, the young woman's will be "as firm as the rocks of McMilligan."

To connect the new telephone subscribers with Birmingham Messrs. Brady, Barbour, Booth, et al., costs the Michigan State Telephone Co. over \$1,000 but they are working at it with a big gang of men and doing it good. An iron pipe cable is being installed carrying the wires down Maple avenue to the big lead on the town line and when completed the Birmingham office will be ahead of its needs for at least a year so it is estimated.

Have you lost all recollection of the many days spent in "the little red school house"? Is there not a tender spot in you for the friendships made in those past days? If there is show it by helping a plan for the renewal of old acquaintances; if not, pray come and find one by attending a business meeting of the Alumni next Thursday evening, June 9, at the home of Mrs. James Cobb.

Louis G. Stevenson, the "Illinois invader," and C. S. Hampton are assisting Messrs. McKnight and Culver. D. J. Campau of Detroit; George D. Jackson of Bay City; George H. Mitchell of Oakland county; Clerk D. Smith of Corunna, W. J. Tierney of Roscombon, Bert Chandler of Lenawee, S. W. Beakes of Ann Arbor, John Power of Escanaba, and J. F. Maloney of Cheboygan are among those working against Hearst.

There was a disposition on the part of many republicans of Oakland county to "buck" Judge of Probate Stockwell when he came up for re-nomination next fall. Several influential lawyers in the republican party had decided to enter the field. But it has all been most amicably arranged and the Era has it on the best of authority that all parties will have a smooth sailing for Stockwell.—Rochester Era.

Geo. H. Mitchell of our town attended the Democratic state convention at Detroit, Wednesday of this week, one of the delegates representing old Oakland. Judging from the great activity, the obstinate fighting on both sides, Hearst and anti-Hearst, one would be led to think at times that the St. Louis nominee was sure of election. Anyway a vote taken at the Light House in Detroit was in favor of the present Illinois district Republican convention renominated E. R. Hitt for congress by acclamation and endorsed

democratic by a big majority.  
The First Presbyterian church of Birmingham held a congregational meeting Wednesday afternoon of last week. Rev. Donald, pastor of the Highland Park Presbyterian church, was present and acted as moderator. A vote to continue Rev. J. W. Todd, of Ann Arbor, as temporary supply of the church here for a term of three months, carried from July 1, was unanimously given. The affairs of the church are in a prosperous condition.

Last Saturday, May 28th, was Mitchell's half century birthday anniversary. During the afternoon a friend of two passed the word around, and at 9 o'clock about forty friends were seated at his house and the little man was sent for post haste. The surprise was complete and after the "collapse" had been resuscitated and refreshments served he went home, wishing Mitchell many happy returns of the day. Now won't George be a bird on the very first return of his next and 20th anniversary.

Wedding announcements are out telling of the wedding in early June of Miss Belle Smith, one of our most popular young ladies, and Mr. Ben F. Ward of Portland, N. J. The many friends of Miss Smith gave her a linen shower under the management of Mrs. Hattie McBride and Miss Anna Parks, at the home of Miss Parks on Thursday evening, June 2. The shower was a generous one, and all present had a jolly, good, social time. A sumptuous lunch was served.

Farmington high school seniors gave a "bloomer social" last week at which it was advertised that the articles named would be placed on sale and the young lady to whom the "bloomers" bidden off by any young man should prove to belong would be his partner for the evening. The attendance was a record breaker of course, but there were a lot of blank looks proved to be "bloomers" proved to be bouquets of flowers, each with a young lady's name concealed there. After the first shock of disappointment, however, the "fellows" recovered and acknowledged the joke by their lively bidding as to nearly overful the treasury.

There is no part of our surrounding country that has improved so much during the past few years as that lying along the road between here and Royal Oak. Houses have been repaired, old structures removed till only one or two remain that are eyesores to the passer-by. We have been pleased to note that the Kist home has been leased by the Automobile club and they are sure to make an attractive place of it. The club numbers among its members many of Detroit's best people, and we are glad to have them as neighbors. The managers kindly offered work to many of our workmen and it was unfortunate that the rush of a very busy season hindered them from helping out. We are proud of our many good painters, paperhangers, and decorators, and glad they can give the best of service to many of them had weeks of promised work. We are glad that the country around us attracts our city friends and we welcome them to all the good things we enjoy.

Wednesday evening of last week the Woman's Press club, of Detroit, gave a reception at which the guests of honor were Mrs. H. A. Mitchell Keays, of Ann Arbor, author of "He That Eateth Bread With Me," and Mr. W. L. Sprague, of Detroit, author of "Felice Constant" a story of early Detroit and Grosse Ile. Mrs. Keays' story deals with the divorce question. As the wife of a clergyman she has had an opportunity to watch the fortunes of many a couple, and it is said that this story is indebted to real life for its characters and incidents. Mr. Sprague gave an amusing history of his story and its origin. It was not intended for publication but only to fill in an idle moment here and there, to be read to wife and children and then put aside, but as the story grew his interest grew till he became so intensely in love with the heroine that the wife became jealous. Finally when he finished the whole of the family, even the cook, insisted that it should be a loss to the world not to publish it. Then his troubles began. Critics roared, enemies rejoiced, and friends shook their heads. Chiefly was he taken to task for killing Dorris Camer, when, what else could he do? Ask for these books at our library.

Starting Evidence.

Fresh testimony in great quantity is constantly coming in declaring Dr. King's New Discovery for Consumption, Coughs and Colic to be unequalled. A recent expression from T. J. McParland, Bantowville, Va. serves as example. He writes: "I had Bronchitis for three years and doctors all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by Whitehead, Mitchell and Cobb's Cobb Druggists. Trial bottles free, regular sizes 50c, and \$1.00.

SENTENCE BERMON.

Self-conceit is self-tearful.  
Parasites make poor props.  
Meditation is the mold of character.  
Theology is a map and not a country.  
All great deeds have been born in dreams.  
A man's size does not depend on his situation.  
There never was greatness without gratitude.  
A light heart makes a lighthouse in a dark world.  
Life is the fruit of the past and the seed of the future.  
Benevolence for business only breeds malvolence.  
Put out the lamp of works and you lose the light of faith.  
It is the truths we do and not the ones we indorse that save us.  
Religion that is worrying about future fire is dying of present frost.  
People who are always trying to be some one else succeed in being nobody at all.—Chicago Tribune.

CONCERNING WOMEN.

Here are a few farther superstitions that still survive:  
Gold garter buckles are "lucky" and silver ones the reverse.  
The girl who wears her garters below the knee will early lose her beauty.  
To put on the left garter before the right on dressing in the morning will bring bad luck all day.  
The marriage of a bride who wears any but white garters on her wedding day will have an unhappy ending.  
The luckiest colors for garters are white, blue and black. The wearer of yellow garters will lose a friend within a year.  
If a garter breaks in church the wearer's marriage will be happy, but if the accident happens at a dance, it is a sign the wearer's sweetheart is faithless to her.

MERE OPINION.

No man ever got down on his knees and prayed for a blessing in disguise.  
The things that come to the men who wait are generally done up in cans.  
If the women who want to reform things were always pretty, things would soon be reformed.  
Truth is stranger than fiction. This is proved by the fact that in truth the villain generally gets both the girl and the money.  
Early to bed and early to rise may not make a man healthy, wealthy or wise, but it is pretty sure to keep him out of bad company.  
Worst of All Experiences.  
Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Detroit, Ala. "For three years" she writes "I endured insufferable pain from indigestion, stomach trouble, even death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and soon I'm completely recovered." For Liver, Kidney, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 25c. It is guaranteed by Whitehead & Mitchell and Cobb & Cobb Druggists.

DYSPEPSIA ON THE DECLINE

Whitehead & Mitchell and Cobb & Cobb Claim Peppicola Cures 90 Cases Out of 100.  
Why anyone in Birmingham should continue to suffer with indigestion when a 25 cent box of PEPPIKOLA will cure is certainly a mystery.  
The above druggists have been selling PEPPIKOLA for some time now, and they know from actual experience right in their own stores just what this famous little chocolate coated dyspepsia tablet will do, and if you make inquiry those druggists will tell you they never knew a remedy to prove so decidedly beneficial in the treatment of indigestion, dyspepsia, palpitation, sleeplessness and other forms of stomach trouble. It certainly ought to give you a confidence when you find that every box of PEPPIKOLA contains 10 days' treatment, and at the end of that time if you are not decidedly benefited in the treatment of indigestion, dyspepsia, palpitation, sleeplessness and other forms of stomach trouble, it certainly ought to give you a confidence when you find that every box of PEPPIKOLA contains 10 days' treatment, and at the end of that time if you are not decidedly benefited all you need do is go back to the druggist and get your money. PEPPIKOLA is sold right on its own merits. It cures indigestion simply by toning up the stomach and digestive organs so that the food will assimilate and give strength to the system just as nature intended. And PEPPIKOLA is such a great nerve tonic, too. Just try a 25 cent box and see if it doesn't give you new energy, new ambition and new courage to carry out your plans and daily work. If it doesn't, your money back.
